

FINAL BATTLE NEARS

YEGGS ROB NEARLY 100 MEMBERS OF CHURCH

WILL SYMPATHIZES
WITH SINCLAIR, IF
HE PAID LAWYERS

(Special To The News)
NEW YORK, April 9.—Well,
another bunch of congressmen
landed from Panama; but
Mr. Morgan's experience has
been a lesson to them and
everything was carried ashore
internally.

What a good
does it do to
have a high
priced lawyer
when Mr. Sin-
clair refused to
answer ques-
tions on the
stand? It's a
cinch his law-
yers had ad-
vised him
not to. I hope the poor fellow
don't pay 'em for that kind of
advice.

Supreme Court said today
that New York City subway
riders could ride for a nickel,
but it didn't say they could get
a seat.

Yours,
WILL.

PA NEW OBSERVES

Spring has arrived and this means
baby chick time for all poultry raisers
in the county. H. H. Kauffman, state
poultry specialist, is addressing sev-
eral meetings in the county this week.
If you are contemplating some chick-
ens in the back yard this summer, attend
these meetings and get the low down.

Pa New notices that the gas tax
has at least caused a healthy interest
in the state legislature. Everywhere
you go, it's gas tax and gas tax.

Fishermen of the county are meet-
ing this week for an annual banquet.
You may not know but the local club
is nearly 40 years old at the present
time. There is nothing which will
keep a group together like fishing.

Another inside tip to the lives of
local business men. The "When I
Was 21" column conductor interviewed
five different men Monday for
today's story and all five had to be
given an hour or so to think it over.
None could remember off hand what
happened during the year.

There must have been a large num-
ber of "lodges in session" last night,
observes one of the Pa New family,
after a glance at the audience at
"Gay Paree" and the number of mar-
ried men noted at the performance.
Unaccompanied.

Besemer continues to show marked
progress. The borough is planning
for an extension to its already mod-
ern school plant, in the erection of an
addition to the high school struc-
ture.

True to the weatherman's forecast,
there was a decided drop in tempera-
ture here this morning, following the
rain of last night. The drop was un-
accompanied by any violent storms
here, however.

Don't forget about using the air
mail daily!

With the annexation bill passed by
the state legislature and up to the
governor for signature, New Castle can
begin to give consideration to the
matter of extending its boundaries.

LOOT WILL RUN
INTO BIG SUM

Seventy-Seven Worshipers
In Edifice Are Lined Up
And Frisked Of Val-
uables

(International News Service)
CHICAGO, April 9.—Five shot-
gun bandits who last night in-
vaded the First Roumanian Con-
gregational church, one of the
largest synagogues in the city,
and held up 77 worshipers, includ-
ing the Roumanian consul, were
the object of a county-wide
search today.

The bandits, posing as worshipers,
called Rabbi Harry Goldstein to the
door, covered him with guns and
forced him to lead them to the meet-
ing in the basement of the syna-
gogue.

Loot Estimate High
All present were forced to line up
with their backs to the wall, where
they were robbed of cash and valua-
bles. No accurate estimate of the loot
has been made, but it will run into
many thousands of dollars.

Rings, bracelets and necklaces were
stripped from the women, while the
men were forced to yield their wallets,
diamond studs and watches. Each
victim, after being robbed, was forced
to lie face down on the floor.

With their pockets bulging with
loot the bandits fled to the street and
disappeared in the darkness.

Return Property to Rabbi
A valuable ring and \$16 was taken
from Rabbi Goldstein before the band-
its found his card which identified
him as a rabbi. They promptly re-
turned his property and apologized.

The synagogue is the one in which
Queen Marie of Roumania was en-
tertained on her recent visit. Law-
rence Burgen, the Roumanian
consul at Chicago, and Victor Phil-
lips of Bucharest, representatives of
the Roumanian government, were
seated in the thrones erected for the
queen's reception when the bandits
entered.

Senate Action On Four Cent Gas Tax Bill Near

Colonel Lindbergh To Attend Funeral For M. T. Herrick

Famous Flying Colonel To Leave
Mexico City Today For
New York

(International News Service)
MEXICO CITY, April 9.—After
spending a week here with his
family, Miss Anne Spencer Morrow,
Col. Charles A. Lindbergh today plan-
ned to fly to Brownsville, Tex., whence
he may go to New York.

It is believed that Lindbergh wishes
to be in New York Saturday when it
is expected the French cruiser Tour-
ville will arrive bearing the body of
Ambassador Myron T. Herrick home-
ward.

The famous aviator feels very
heavily the loss of the man who so
successfully piloted him through the
first stages of world-wide fame. He
will be present when the late ambas-
sador is laid to rest in Cleveland next
week.

Mrs. Sarah A. Maitland of 923
Adams street, this city, who has been
spending the winter at a number of
Pacific coast cities, arrived home this
morning.

Mrs. Carl Leathers of Oak street is
visiting in Youngstown.

Third Class City Annexation Bill Is Now Up To Governor

(From News Bureau)
(State Capital)
HARRISBURG, Pa., April 9.—
By a vote of 187 to 4, the Wein-
gartner bill, providing a new plan
for annexation of suburban ter-
ritory to cities of the third class
in Pennsylvania passed the House
of Representatives at the session
here last night.

The bill now goes to the gov-
ernor for his approval.
This bill is the most important
piece of third-class city legisla-
tion before the present session of
the state legislature and was
backed by the Third-Class City
League.

It provides for annexation of
territory to cities without the dif-
ficult procedure of former years.

ST. VITUS CONGREGATION PLANS BIG MAUSOLEUM

Wednesday

By C. E. YORKE
International News Service Staff
HARRISBURG, April 9.—With
the \$13,000,000 administration
road program scheduled for final
action tomorrow in the senate,
both the motor code with its
\$5,000,000 increase in motorists'
costs and the gasoline tax which
will add another eight or nine
million to the auto owners' taxes
are expected to be reported from
committee today.

Announcement made last week that
State Treasurer Samuel S. Lewis and
Secretary of Highways James L. Stur-
art would be given an opportunity to
present their respective arguments
before the senate roads committee
proved no more than a temporary
smokescreen which prevented too
hasty action on the program last
week. The \$13,000,000 program was
scheduled for reporting last Wednes-
day, but after the appearance of
Treasurer Lewis, who contended that
no increases, including those in the
motor code were necessary, it was de-
cided to delay action until this week.

Opposition Fades
Meanwhile reports of senate op-
position to the four cent gasoline tax
have faded. Optimists who believe
enough votes could be mustered to
kill the measure are now contenting
themselves with talk about a "dozen
or more." Certain of enough votes
to pass the measure easily, adminis-
tration forces are not expected to
make any effort to whip into line
those who have opposed the bill from
the first.

DEATH RECORD

E. E. Beidleman Dies Of Stroke At Harrisburg

Former Lieutenant Governor
And Widely Known Poli-
tician Dies Early
Today

STRICKEN WHILE
MAKING ADDRESS

Death Shocks Harrisburg;
Opposed Governor Fisher
For Nomination In
1926

(International News Service)
HARRISBURG, April 9.—Ed-
ward E. Beidleman, Republican
leader, prominent attorney and
former Lieutenant Governor of
the Commonwealth, died in the
Polyclinic hospital here early
today from the effects of a heart
attack suffered last evening.

Beidleman was stricken while he
was addressing a meeting of the Ed-
ison Junior High School Parent-
Teacher Association last night. He
was removed to the hospital where
shortly after midnight his condition
was reported as fair.

Suffers Collapse
His condition took a turn for the
worse in the early morning hours
and he died shortly after 5 o'clock
this morning.

Beidleman had scarcely begun his
address when he paused and asked
for a glass of water. After taking
a drink he continued his address. A
few minutes later he tottered and
would have fallen had not several
persons seated nearby come to his aid
and helped him to a chair.

Several physicians were summoned
and he was removed to the hospital
where every effort was made to bring
relief. He died within eight hours
after being stricken.

Born In Harrisburg
Beidleman was born in Harrisburg,
July 8, 1873. He attended the public
school of this city, graduating from
the high school in 1892. Later he
attended business school and read
law with the late Judge S. J. Mc-
Carroll.

He was admitted to the bar in 1898
and since that time has been actively
engaged in his profession. Early
in life he turned his attention to po-
litics and for many years had been
an active leader in the city and
county.

Opposed Fisher
He was first elected to the house
in 1905 and served three terms. In
1913 he was elected to the senate
and re-elected in 1915. At the close
of the session of 1915 he was elected

To know how to play cards and to

for the "ideal girl" as told by Joseph

Y, at the meeting of the Senior High
Girl Reserves Monday evening in the
Y. W. C. A. Check up, girls, and see
if you measure up.

Flattery is like soft soap, soft soap
is 90 per cent lie, is the way Joseph
Lockley began his talk about the

thing in general, the ideal girl of to-
day is the all around girl. The girl
who, if she is blundered, picked up
by the back of the neck and set down

WASHINGTON, April 9.—From a

Local Pilot In Crash At Lowellville

Captain Ronald Smith, Fly-
ing Robert Love Plane,
In Minor Crash

PILOT ESCAPES,
IS UNINJURED

In a take off late Monday after-
noon, after a forced landing two miles
east of Lowellville, O., in a farmer's
field, Captain Ronald Smith, pilot for
Robert C. Love of this city, escaped
uninjured when the Love plane crash-
ed into a car.

The local pilot was forced to land
in a field on a farm some two miles
east of Lowellville on account of an
empty gasoline tank. It was after
having refueled and on the take off
which was attempted on a roadway
through the farm that the crash oc-
curred.

A milk truck had driven up to the
farm prior to the take off. It so
happened that the truck backed from
the farm drive just as the local
plane took off.

The plane had just left the ground
due to the proximity of the truck,
could not clear it. The left wing
crashed into the rear of the truck and
suffered damages on the two lower
wings, the propeller and undercar-
riage. Captain Smith escaped un-
injured.

Damages to the plane are not of a
too serious nature and the ship will
be repaired immediately and flown
back to this city.

According to Captain Smith, he left
the Bradford flying field on the
Youngstown road in the afternoon
and upon ascent found the going to
be cloudy and foggy. Coming down
from a high altitude out of the clouds,
he could discern a river through the
mist, but could not locate the exact
section.

Flying low, he saw men working in
a quarry, which he now believes was
at Hillsville, and called for directions
to New Castle. The workmen point-
ed and in following directions, the
local pilot found himself entering
Youngstown. He turned immediately
and it was on this side of Lowell-
ville that he noted his lack of fuel.

He sent a call through to Eric
Beckley, pilot for D. Roy Bradford of
this city, who immediately left by car
with a quantity of gasoline for the
plane. It was after Beckley's ar-
rival and the refueling of the Love
ship that the mishap occurred.

Captain Smith, when interviewed
concerning the accident this morning,
seemed in good spirits and suffering
in no way from the crash.

Police Officer M. J. Young, who un-
derwent an operation Monday for the
removal of his tonsils, was today re-
moved from the Shenango Valley
hospital to his home. His condition
is improved.

Johnstown Mayor Ordered To Court For His Sentence

Mayor Joseph Cauffiel O
Johnstown Faces Stiff Sen-
tence And Fine

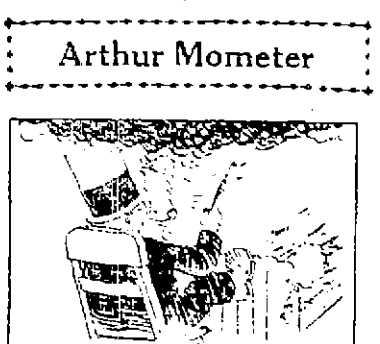

(International News Service)
EBensburg, Pa., April 9.—Mayor
Joseph Cauffiel of Johnstown, has
been ordered to appear in court here
tomorrow for sentence. It was an-
nounced today by Judge John E.
Evans, who yesterday denied a new
trial to the mayor. Cauffiel was con-
victed at the March term of criminal
court on six indictments covering
extortion, conspiracy, perjury, misde-
meanor in office and violations of the
gambling laws.

Mayor Cauffiel is at liberty under
\$8,000 bail. His counsel announced
that the case would be taken on ap-
pel to the state superior court.

Jonathan Rager of Johnstown, who
after his joint indictment with the
mayor on gambling charges pleaded
guilty and turned state's evidence, is
recovering at his home from bullet
wounds sustained several weeks ago
when he was fired on while seated
in a sun parlor of his residence. Rager
testified that he paid Cauffiel for pro-
tection of his gambling interests but
that he never got the protection.

Auto For Every Five Persons In This Country

(International News Service)
WASHINGTON, April 9.—There is
now an automobile for every five per-
sons in the United States or one for
every family.

These figures were arrived at today
by the Bureau of Public Roads of the
Department of Agriculture from a
survey of 1928 registrations and es-
timated population of 120,013,000.

During 1928, 24,493,124 motor ve-
hicles were registered, a gain of 1-
350,883, or 5.9 per cent over the 1927
registrations. The figures include
passenger automobiles, taxicabs, buses,
motor trucks and road tractors. In
addition 148,169 trailers and 117,945
motorcycles were registered.

Dawes May Receive Ambassador Post In England, Is Report

Dawes Would Be Named To Succeed Alanson B. Houghton Who Is Retiring

WASHINGTON, April 9.—Formal inquiries have been made of the British foreign office as to whether Charles G. Dawes is persona grata to the British government as American ambassador to London. It was learned authoritatively here today that a favorable reply is expected and Gen. Dawes' appointment to the post of St. James probably will be announced as soon as it is received. The former vice president is now in San Domingo with a commission of financial experts revising the budgetary system of the republic. Gen. Dawes will succeed Ambassador Alanson B. Houghton, who is returning to the United States on April 27.

Rev. W. E. McClure Speaker At Banquet

Will Give Principal Address At Men's Dinner At First Baptist Church

Full plans have been completed for the dinner and program to be given by the ladies of the First Baptist church in honor of the winning class, the Men's Bible class, which will be an event of Thursday evening, April 11. Dinner will be served at 6:30 by the ladies of the H. E. Martin, Mrs. George M. Landis and Mrs. Paul D. Weller's classes. Music by Miss Elizabeth Brewster's orchestra will be a feature of the dinner hour. Solo numbers will be given by Mrs. Paul D. Weller and Mrs. Van Nort. Following the dinner the program will continue in the auditorium at which time Rev. Walter Emerson McClure, pastor of the First Presbyterian church, will make the principal address. Brief talks will be given by a number of others. The event promises to be a most enjoyable social affair and a splendid time is anticipated.

Campbell Case Still On Trial In Court

The case of Gertrude E. Campbell and Fred Campbell against Den V. Cunningham in which plaintiffs are asking damages for injuries sustained by Mrs. Campbell in an auto accident, while a guest in the Cunningham machine, is still on trial today before Judge Chambers. It is likely to last the greater part of the day. Mrs. Campbell gave a detailed account of how she was thrown against the side of the car when it skidded on the New Castle-Butler road, while coming from Pittsburgh to this city.

IMPORTANT BILLS WILL BE REPORTED OUT OF COMMITTEE

(Continued From Page One) be acted upon finally in the house today. The measure was amended on third reading last night so that one machine will be provided for each 800 voters. The section relating to assistance was also amended so that no assistance can be given voters in the booth. Reform Measures Up The Senate also will act today on several of the so-called election reform measures which were not opposed by the politicians. Practically the entire program of the Pennsylvania elections association was voted to a two years nap when the elections committee failed to report out the more important measures which it favored. In addition the Harris bill requiring voters to sign a check list died in committee. The Pennsylvania council of Republican women added its final protest as the committee met but is too, along with the permanent registration measure and the Kunkle bill designed to end chain voting, was allowed to die without the rites of a roll call.

Sunday Bill Dies The movement for legalized open Sundays received a stiff jolt when by an overwhelming vote of 152 to 26 the House voted to sustain the action of the committee on law and order in its refusal to report out the Westach bill which would have permitted local communities to vote on the open Sunday question. Representative Steedle, Allegheny, offered the motion to discharge the committee from further consideration of the measure. He declared that the measure had not been acted upon properly and that members of the committee had refused to take the matter seriously. Representative Ellis Adams, Fayette, chairman of the committee, stated that her committee on several occasions discussed the measure and reported negatively on it each time. Appropriation Bill Passes Representative Maybelle Kirkbridge

Montgomery, and Representative Williams, Tioga, explained the action of the committee and asked the House to vote down the resolution. After the House had given its unanimous consent, Representative Flynn, Elk, introduced a bill making an appropriation of \$25,000 to the Erie Park and Harbor commission to be expended in repairs at Presque Isle necessitated by the storm damage done there on April 1 and 2. Without debate the House passed the general appropriation bill carrying appropriations for the various state departments for the 1929-31 biennium. The bill carries approximately \$120,000,000. The House compulsory automobile liability insurance bill which had been made a special order of business on final passage, was defeated in the House by a vote of 37 to 159. The first session of the week lasted until long after 1 a. m. Before the more than 200 bills on the calendar had been considered by the House.

The plans for the mausoleum have been perfected and it will take three months to erect it after work has been started. It will be the first mausoleum in the country erected to provide for the use of a heating plant. K. C. Holms who has designed this proposed mausoleum has also designed seven or eight other mausoleums in various parts of the country. Among these is that containing 2,000 crypts to be erected at Akron, O. It will be the largest in the United States.

TEXAS GUINAM GOES ON TRIAL

(Continued From Page One) Before they began picking a jury for her case, Tex. witnessed a dozen of the waiters in her club, "The Saxon Royale," plead guilty. She appeared indignant that they should plead that way. "They're all foreigners," she said. "They don't know what the prohibition law is all about." The twelve lined up behind one another to enter guilty pleas before Federal Judge Edward Thomas, of Connecticut, rated the "tough judge." "All those men couldn't be guilty," declared Tex. looking at the line-up.

A Strange Bird Yes, But What?

A strange bird was found in the seventh ward on Monday and it has been a question by many as to what it might be. In appearance the bird is similar to a duck in size. Dark grey in color, spotted with white, with a bill three to four inches long, pointed. It is web-footed. Crane and loon were suggested, but others said no. It is also similar to a snipe but for its web feet.

The strange bird was found in apparently exhausted condition on West Claymont street, near St. Margaret's church. It was taken to the George Turner garage at the rear of the Turner home on North Cedar street. The bird was found Monday morning and during the day it was viewed by quite a number of persons, but was not definitely named. It is thought the bird might have been forced out of its course by the storm of the past week. Another surmise is that it might have come in contact with a high tension wire, as it does not try to stand up or use its wings. It was put in a tub of water, but got out and seems to prefer lying down. Any person knowing what the strange bird might be is asked to offer suggestions.

JAIL DOORS YAWNING FOR HARRY SINCLAIR MUST SERVE 90 DAYS

(Continued From Page One) on a canvas cot to the croom of "The Jailhouse Now"—as rendered variously by his fellow prisoners. There'll be no special preparation for Harry Sinclair at 200 Nineteenth street, S. E., where the big red jail stands. It has received many prisoners. It expects the oil magnate in two weeks or a month, depending on whether his counsel elects to delay matters 25 days by making a seemingly futile appeal. Sinclair will be "just another prisoner," according to W. L. Peak, jail chief. He'll have a number, somewhere near the 10,000 mark.

Tedious Routine. And as "just another prisoner" the millionaire oil man will endure a tedious routine accorded black and white alike. When he is committed his finger prints will be taken, he'll be searched and washed. Then he'll be assigned a cell, not alone, for the jail is crowded. His cell mates may be tank busters, bootleggers, almost anything. They don't segregate for offenders. He will be placed in a cell with two or more white male inmates of approximately his own age. That's as far as segregation goes. His famous racehorses Zev and others, far better than will their master once he reaches the district jailhouse.

Two Baths a Week. In jail the man used to gold will eat with a tin knife and fork, from a tin plate. The man who showered as he pleased, will get two baths a week—he has to take 'em. The man who used the world for a playground and workshop will have a cell for a playground, and the big jail and its grounds for a business establishment. He may paint during his stay. He may hoe the garden, cut the grass or wash the clothes. The jailer will decide what he must do. The man to whom the clubs of the world swung their doors will be initiated into a new one, the "Waiting for the Evening Mail to Bring Me Ball" club. Of course, unlike his fellow clubmen, Sinclair has bail to burn but not chance to use it.

In sum, Harry Sinclair will be initiated into a strange world, a world in which everything will be startlingly and painfully different.

PLAN FOR FINAL DECISIVE BATTLE OF MEXICAN WAR

(Continued From Page One) els in Sonora can be cleaned up within two weeks. This would then leave only isolated bands of rebels engaged in guerrilla warfare. Gen. Jose Gonzalo Escobar, whose rebel army was defeated at Jimenez and again at La Reforma, proclaimed himself "provisional president of the Mexican insurgents" at Pueres, later Gen. Escobar left for Casas Grandes, Chihuahua. Alas! The author who creates red-blooded handsome he-heroes is the bald little man with a paunch.

PA NEW OBSERVES

(Continued From Page One)

New Castle Chamber of Commerce should not overlook the value of the state pension propagation farm, near Haysburg, an attraction for tourists in this part of the state this year. It will be quite a sight, well worth seeing.

Mrs. E. C. Ober of North Mercer street has several fine magnolia trees in bloom in her back yard, which are drawing a lot of admiring glances. Both trees are covered with blossoms.

The new officers of the New Castle Booster Club will be in charge of the meeting Wednesday evening. They have been busy during the past week arranging a program. New committees are to be named to carry on the work and every member is to be given a job, if possible.

The weather man's prediction of cooler weather comes true this morning, quite a change being noticed yesterday. The weather today is a little more like the kind we should be experiencing for this time of the year.

There seems to be a general epidemic of colds in the throat, resulting in temporary loss of voice. Pa New knows several well known New Castle men who can't speak much above a whisper.

Some of the club system flags are out today in observance of Appomattox day.

NEW HERE'S IDEAL GIRL AS SEEN BY HI-Y BOY

(Continued From Page One)

home, would not feel the least out of place. There are many things an ideal girl must be able to do but there are only a few don'ts.

Some Requirements. The ideal girl must be courteous to her parents.

The ideal girl must study. She must at least be an average student. It is not necessary to be an honor student.

The ideal girl must spend two or three evenings at home and not "gad-abouting."

The ideal girl must appreciate art and music.

The ideal girl must be a good dancer.

The ideal girl must play cards. Not be a poker shark, but play and be able to count scores.

The ideal girl must attend church regularly.

The ideal girl must swim and work in a gymnasium once or twice a week outside of school.

The ideal girl should drive an automobile. It will make her independent which is a good quality to attain. But—she should not get too independent.

Some Don'ts. A few don'ts. The ideal girl couldn't possibly call a boy on a telephone. The ideal girl must not drink liquor of any kind.

The ideal girl must not smoke. The ideal girl must not use profanity.

The speaker believed that smoking and drinking by girls is greatly exaggerated, that it is not common and popular as some people think.

So don't forget, girls, and measure yourself and see if you come up to the ideal girl as pictured by the Hi-Y boy.

This is a sequel to an address made recently when one of the Girl Reserves pictured the ideal boy to the members of the Hi-Y.

STAR LORE
FOSSIL REMAINS OF PREHISTORIC MAN
By Arthur D. Carpenter

Fossil remains of five distinct types of prehistoric man have been found. The first discovery of the kind was in 1848. The oldest fossils yet found are those of the Pittdown man in England, the next oldest is the Heidelberg jaw, then the Neanderthal man and contemporary with him, the Trilman man of Java. The fifth group of fossils are those of the Cro-magnon race. This last mentioned was in the fullest sense an intellectual race with large brain capacity and splendidly developed physique. All fossil races discovered other than these, are far inferior to modern man. They represent quite unrelated but emerging types.

SURPRISE PARTY IN MARTIN HOME

Mrs. C. Leroy Martin, Albert street, entertained members of the Senior World Wide Guild of the First Baptist church in her home Monday evening, with the Misses Verlie Armstrong, Genevieve Schugars, Lila Strayer, and Charlotte Emory associate hostesses.

The affair was in the nature of a surprise party to honor Mrs. Harry Barkby of Hillcrest avenue, who sailed from New York, April 20 on the S. S. Adriatic, to visit her home in England.

Twenty-two were present, and the hours were delightfully spent with progressive games.

Mrs. Barkby was presented with a shower of dainty handkerchiefs and in behalf of the guests, Miss Mabel Morrison the new president, presented the retiring president, Mrs. Stanley Reese, with a lovely pin.

Color tones of green and white prevailed in the appointments, and dainty refreshments were served by the hostesses, at small tables. Miniature ships marked the places, and American and English flags were used throughout the home in decoration. Small traveling bags each containing a letter, were presented Mrs. Barkby.

Mrs. Ellen Barkby was a special guest.

Council of Jewish Women

Mrs. Gladys Rosenthal, well-known soprano of this city, will be guest soloist at the luncheon given by the Council of Jewish Women at The Castleton Wednesday, April 10.

The affair will honor Mrs. Max Margolis of Philadelphia, a prominent member of the national board, who will speak during the afternoon.

Mrs. P. H. Levine is in charge of reservations.

CATHOLIC DAUGHTERS HAVE ANNIVERSARY

Fifteenth Anniversary of the organization of Court Teresa Irene No. 231, Catholic Daughters of America was most fittingly observed last evening at the Elks Home, North Mill street, with a banquet and social evening.

The affair got under way at 6:30 o'clock and covers were laid for seventy. The tables were beautifully decorated in purple and gold, the color scheme being carried out with crystal candle sticks and gold candles and baskets of tulips.

The affair was opened with the entire group singing the Star Spangled Banner, after which the invocation was given by Rev. Fr. McManamy, assistant pastor of St. Vitus church. During the banquet, pep singing was the vogue lead by the choir of the court and with Miss Marguerite De-Jane presiding at the piano. The benediction was pronounced by Rev. Fr. P. S. Clifford of St. Mary's church.

Following an address of welcome, Ida M. Suber, the grand regent, introduced Miss Margaret Flanagan as toastmistress of the evening, who performed the duties of her position in a pleasing manner.

The program included a pleasing address by Miss Claire Duff on the subject "Reminiscences". The main address of the evening was given by Rev. Fr. A. J. Weisenberger of St. Joseph's church. Miss Della K. Crawford of Middletown, Pa., the district deputy, then made some very interesting remarks. "The program was brought to a close with the singing of America. The balance of the evening was spent with cards as the diversion.

The committee responsible for this very successful event consisted of Mrs. Belle Nugent, chairlady, Mrs. Jennie Valley, Mrs. Mary Krah, Mrs. Stella Malloy, Mrs. Anna Devlin and Miss Margaret Flanagan.

Current Events of '23

The regular meeting of the Current Events of '23 took place in the home of Mrs. Maude Montgomery, Harrison street, Monday afternoon. The president, Mrs. Harry Marshall gave an account of the County Federation meeting in Wampum. Sketches from "Indian Life" were given in answer to roll call.

An interesting paper on the "Panama Canal" was read by Mrs. Ella Gibson.

Announcement was made of the display of Early American Glass in conjunction with the Federation meeting in the Y. W. C. A. April 16.

The next meeting will be with Mrs. Lee Wetlich, North Cedar street in two weeks.

Tasida Club

Misses Helen and Peg McCowan, Lyndal street, entertained the Tasida Club members in their home Monday evening. Bingo and music were pastimes of the evening and the prize was won by Mrs. Joseph Burns. Mrs. D. J. Hannon was a special guest.

Refreshments were served by the hostesses, assisted by their mother and Mrs. D. J. Hannon.

The Misses Rose and Dorothy Uhl, Beaver street, will entertain in two weeks.

Current Events Class

Mrs. John Gates was a special guest when members of the Current Events class met in the home of Mrs. John Smery, Euclid avenue, Monday afternoon. Current events were discussed and critics of the day were Mrs. Albert Harbison and Mrs. J. B. Pyle.

The next meeting will be in the Y. W. C. A. in two weeks, with Mrs. Harry Moore as hostess.

HE SUFFERED FOR TEN YEARS

Then ALL-BRAN Brought Relief in 2 Months—Doctor Recommended It

Constipation is dreaded not only for its own insidious self, but because of the many serious conditions and diseases it causes. Mr. Lind was a sufferer—but read how he found relief.

"For the past 10 years I have suffered from piles. At times I have been unable to work. I have tried suppositories, ointments, etc., but to no avail. Two months ago my grocer called my attention to Kellogg's ALL-BRAN. I began taking it regularly. Immediately the pain and annoyance from the piles was relieved. I found that it resulted very little ALL-BRAN to give nature a fair chance to effect a cure."—WALTER J. LIND, R. 2, Box 137, Appleton, Wis.

Don't neglect constipation. At any time its poisons may take a terrible toll from your health and well-being. Protect yourself. Eat Kellogg's ALL-BRAN regularly—two tablespoonfuls daily, or in chronic cases, with every meal. ALL-BRAN brings sure, natural relief. It is what doctors call a bulk food. It sweeps the intestine clean and stimulates normal action.

Ready-to-eat with milk or cream. Also try the recipes on the package. Results guaranteed. Doctors recommend it because it is 100% bran. Made by Kellogg in Battle Creek. Served in hotels, restaurants, and dining cars. Sold by all grocers.

Sunshine Kensington

The Sunshine Kensington met Monday evening with Mrs. Alice Taylor of Croton avenue. There was a good attendance and the evening was spent in music and socially. Special guests were Mrs. Wurdle Coleman, Mrs. Estella Brown, Mrs. Mable Gardner, Mrs. Sally Austin, Mrs. Amy Morrison, Mrs. Ethel Brown and Mrs. Ollie Miller.

The hostess, assisted by her nieces, the Misses Eleanor and Ola Lott, and Mrs. Gertrude Rose and Mrs. Ollie Miller, served dainty refreshments. The club will meet in two weeks with Mrs. Alice Shelton in Green street.

Revival Concludes

The revival services which began in the Park M. E. Mission March 18 came to a close, Sunday evening. During these services there was only one conversion, but much interest was created throughout the congregation.

These services grew out of a series of cottage prayer band meetings which began early in January and continued on Wednesday evening of each week. The prayer band sought out and helped many that were in need in a charitable way.

The prayer meetings will begin again on Wednesday evening at seven o'clock at the home of Rev. J. H. Clark, 314 Mahoning avenue. An attempt will be made to reach each home and person in the near future.

THE FAMILY AND THE NATION
PERIODICALLY we are greatly disturbed by the news that marriages are falling off and that divorces are on the increase. And then on the heels of this news there come numerous declarations as to how serious this evil is, and even more numerous suggestions as to how it may be speedily checked.

No intelligent man or woman who will give any thought to the problem needs to be told how serious it is. It menaces practically everything we hold dear in our social order. It touches not only the lives of those immediately implicated; it involves somehow the very foundations of society. It means that in something fundamental to our social welfare and happiness we are not succeeding as we ought to.

Not will any intelligent man or woman close his ear to any of the many suggestions which will presently be given as to how the solution of this problem must be approached to be effective. We shall be told that it ought to be made more difficult to get married, and less easy to get a divorce. We shall be told that the problem is not merely an economic one, although it is that too in part; they will say that it is individual in so far as anything can be individual; and they will tell us that it is also a social problem.

In the meantime there are those who have given thought not merely to the present situation, but to the historical aspect of it also, and the conclusions of these thinkers may be worthy of consideration. They will tell us that the family is the basic unit of civilization; that where any community or nation has clung to this basic family unit, its progress has not been endangered, and where the integrity of the family unit was assailed, there decay was inevitable.

The historical significance may be clear to everyone; but more clear even than that is the logic of it. It is within this little group that the ideals are developed which are so necessary to human progress and permanence; and it is through this group that these ideals are maintained. When for any reason the integrity of this group is threatened, we are told, then all civilization is threatened, for, it can not be too often repeated, the family is the unit on which the whole structure of civilization is built.

In proportion as we can bring ourselves to realize the importance of this fact, in proportion as we can keep out the theories of this or that, or fads of one kind or another from our thinking about the family, in that proportion we may avert the danger of which the increase of divorce and decrease of marriages is only a symptom. Whatever can be done in the home or by any other educative influence outside of the home, to keep before us the fact that except as we maintain the family intact the outlook is a dark one—this is worth doing. No nation can continue to be great except its greatness is based on an enduring family relation.

INSIGNIFICANT
EARTH dwellers, laboring under the delusion that they and their interests are of vast importance in the scheme of the universe, will derive little satisfaction from the calculations of Dr. Harlow Shapley, director of Harvard observatory. These calculations, recently made public, should do much toward reducing inflation of the human ego and should serve to demonstrate that the most important of man's activities are to the universe, in a material point of view, somewhat as the penny to our \$20,000,000,000 war debt.

The earth is not the center of the universe, nor is it even an important part of the celestial system, physically considered. In fact, we are 2,000 light years, or approximately 300,000,000,000,000 miles as the crow flies, from that center, according to Dr. Shapley's calculations.

If it were possible to draw a map of the universe to scale, the earth would occupy relatively a less prominent place than any little cross-road village on a map of the world. And yet there are possible standards of relative importance other than physical dimensions, and the Harvard observatory figures will not shake the belief in the minds and hearts of millions that the stars were created for our guidance and pleasure, and the sun and moon to give us light and heat.

"THE WINTER IS OVER AND GONE"
WHILE there still may be cold—and certainly cool—weather to come, or even a light snowfall, there is no question that this is an early spring. The fruit trees are in blossom, the willows are green, many trees are in leaf, and the early flowers are with us. Here is some recompense at last for the hopes postponed of the past three years.

The fact that the ice in the north has broken up earlier than usual, and that navigation in the St. Lawrence is open two weeks ahead of time, should alone be sufficient assurance that winter has actually gone. The hot weather of the past week may be a seasonal freak, but it has hastened the vivifying process materially; and those who did not shed their winter clothes in time should not grumble. The advent of really vernal days is worth that much discomfort.

What's the use? Scientists prolong life; then they make life easier and fatten us and fat shortens life.

"You say this was made in 1500 B. C.," remarked the suspicious visitor to the museum guide. "Why didn't they put 1500 B. C. on it?"

Start the working week in a thankful mood, even though call money may cost you 30 per cent before you know where you are. Everything is going well with this fine country. Truly, "he hath not dealt so with any nation, and as for his judgments they have not known them. Praise ye the Lord."

On the radio, by courtesy of Mr. Hill, and of the American Tobacco Company, you frequently hear the song "I'm a Lucky Boy."

"Uncle Sam might make that his national anthem."

This country's population is growing at the rate of 1,400,000 a year. One new American every 23 seconds. Our population has doubled since 1890.

New York City will have in its metropolitan area 30,000,000 population before 1950.

Wealth is accumulating, in a way to make Croesus feel like a gypsy. We should be grateful and prepared to defend what we have.

If you think the native born are better than the others, which is not so, note that of 1,400,000 each year, 1,150,000 are born here.

Not even the Federal Reserve board can hold back a nation such as this.

Americans are beginning to own the outside world. Before the war, Britain controlled some of our railroads. Now Americans own more than 15 billions of foreign securities. In South America before the war, American investments amounted to 100 millions. Now they have risen to 2500 millions. Uncle Sam is rich. When every body owes us billions, you should invest a billion or two in national safety.

It is good news that more than 700 airplanes will be added to the national fleet this coming year, at a cost of \$30,000,000. Money could not be better spent.

Our Canadian friends, by the way, are included among "Americans" that know how to invest in good securities. The biggest stockholder of record is the American Telegraph & Telephone Company. If you do not think that is wise investing, you're mistaken.

The Cheshire cat in the "Alice" story, gradually disappeared, until only the smile was left.

Railroad owners fear that railroad labor is tending in the same direction, soon to disappear, all except the payroll.

Unions demand a six-hour day and a five-day week. There are limits to the speed of progress, you cannot go upstairs a whole flight at a time.

But the suggestion of the union, which shocks railroad owners now, will be really before long, if property continues.

The five-day week, giving men a day in which to spend what they earn, is a good idea. Some big industries are testing it satisfactorily.

Our wealth is small outside of what the workers earn and the factories produce. Sixty billions is the annual payroll, 15 billions more than it costs the workers to live. That surplus of \$15,000,000,000 requires careful attention for the good of the country.

Five days to work, one day to spend and enjoy, with Sunday to do as you please, would be a good American program.

Railroad workers say they are entitled to part of the extra profit from improved machinery, and that is true. Last Wednesday, the Baltimore & Ohio locomotive, President Pierce, broke the record, hauling a fast passenger train 748 miles from Chicago to Washington. Four engines in relays, are needed for that run ordinarily. Until three years ago, five were needed.

Men should earn more and have more leisure when the machinery they manage produces more. A woman running a sewing machine should get better pay than her grandmother, who pushed a needle and thread.

Besides, the more the workers get, the greater general prosperity. Let powerful men remember that for their comfort. If they doubt it, let them think of accumulating a billion dollars in China, where men work for 25 cents a day.

The steel industry expects its biggest year in 1929. And copper men are cheerful, with copper at 24 cents a pound. That will cost the big power concerns alone \$25,000,000 a year extra, for the increase in cost of raw copper.

Cotton is lower. Perhaps disorganized cotton growers might learn from well organized copper men.

Without organization, not much is accomplished in modern business.

New York, trying to wipe out diphtheria, employs many horses, producing protective anti-toxins. That marvelous efficiency saves children from horrible deaths and mothers from dreadful suffering.

One horse produces every week enough serum to protect 500 children, and scientific treatment enables the horse to absorb for serum purposes enough of the diphtheria poisons to kill 12 horses ordinarily.

There are, doubtless, kind hearted persons that object to this use of horses and would prefer that thousands of children take their chances.

Hints and Dints

Sun sets tonight 6:32. Sun rises tomorrow 5:31.

After hearing that story about the prodigal son and the fatted calf a young chap asked us how the prodigal son behaved after the fatted calf was eaten up. We had to admit we never heard.

You can get an idea how long you will be remembered after you are dead by how soon the round flyers who lost their lives flying over the oceans are not thought of or mentioned. And it does not make much difference how prominent a person is. And some will never be missed a second after they are gone at that.

Another way you can tell a university man: He uses bum English so nobody will think him a gentleman.

INSPIRATION.
It is the four, like stars, which simply pour down on us the calm of their bright and faithful being, up to which we look out of which we gather the deepest calm and courage. No man or woman of the humblest sort can really be strong, gentle, pure and good without the world being better for it, without somebody being helped and comforted by the very existence of that goodness. — Phillips Brooks.

Personally we would rather have the poor folks think well of us than be patted on the back by the rich.

Vice President, Curtis is not married and his sister is his housekeeper. In Washington he is having some trouble about where he is to sit at the table when invited to put his feet under the board. They do not want to recognize his sister as eating time like they would his wife. He might be lucky not to sit besides some people while eating. We have sat besides some we would rather not have been near on account of our newly pressed clothes.

"Why do people blush?" asks a correspondent. In an exchange. "M. Do they—any more?"

We noticed on an Ohio road a few days ago that some automobile driver had rammed into one of those crosses erected on the roads over there and broke it off. From the looks of the ground around it one might think that when the old one was replaced it might be all right to make it two.

It simply would not do for a husband to tell his wife nothing but the truth. No man can earn the coin for the meat ticket while doing up in bandages or parked on a hospital cot.

COMPARISONS IN ADVERSITY.
Jinks—"I'm a man of few words."
Smith—"Shake! I'm married, too."

A French politician, now a candidate for public office may be defeated because he drinks nothing but water. In this country just the opposite would happen. He would get defeated in most cases if he drank anything but water—at least out in the open.

A popular person is one who enjoys being bored. I, for one can never be popular.

"That girl over there shows distinction in her clothes."

"You mean distinctly, don't you?"

No man looks twice at a woman who is sensibly dressed.

ceuse in that state a lot of birds in Pennsylvania will have to have Pennsylvania licenses. It seems to us it would take a lot of gall for any New Castleite to sport an Ohio automobile license—but some have an over supply of gall it seems.

The things that seemed to be hit hardest by the recent rain and wind storm were the advertising signs along the public highways. The wind seemed to take it's spit out on them and it sure picked a good subject.

A chap told us in this office that the only thing he ever reads in the newspapers is the deaths and sports. Omigod!

Speaking of startling experiences the fellow who goes to the electric chair no doubt gets the shock of his life.

Canada is still rowing about it's rum schooner "Im Alone" being scuttled in the Gulf of Mexico by U. S. prohibition officers. They evidently consider it a hard blow over in Canada if the rum they produce there has it's market shut off. And it sure would be a financial calamity to Canada at that.

In the past two weeks there have been stories of four airplane accidents suffered by pilots who, when seeking to land, had to resort to unusual expedients and exertion to avoid striking crowds of persons gathered on the fields. Something will have to be done about the man who persists in standing where an airplane wishes to land, and the sooner it is done the better.

URGE.
I do not think that I will ever die. For I am young, so very young, today!

The Treasury House across the misty way
Was built for other folk... I cannot lie
Silent, beneath the blue of spring-time sky,
I cannot sleep when all the world is gay.

Nor can I rest while autumn breezes sigh
Their answer to the words that "love would say!"

No, life to me is much too glad, too full
Of happiness; life urges like a hand!
And I am sure that, should I ever stand
Beside death's gate, my soul would feel the pull

Of pale-rimmed clouds, and grasses at my feet,
And all the dreams that make the world so sweet!

A Berlin paleontologist (whatever that is) says apes descended from man and man did not descend from apes. After observing humans for sixty years we are not in shape to argue this point and would agree to either proposition and still think we were as near right as it is necessary to be on the subject. Oh when de doodle wham!

Some birds can help things a long wonderfully by just keeping their traps tightly shut.

It is predicted when grand opera is produced in the talkies it will be in English. Fine! However, some will not understand it any better than they do now when it comes in all languages and in tones no one understands.

SIGNS FOR AUTO DRIVERS
"Bugs" Baer, a well known newspaper humorist, has written and published a series of "road signs", probably merely intended to entertain. But many of them might be erected with benefit to the safety of traffic.

"Don't do your thinking with your brakes," will strike a responsive chord in every man who has had near-nervous prostration at the sight of the reckless driver stopping in a hurry.

"There are three grades of eggs, but only two of them are good."

only one grade of crossings and that's "dangerous," ought to be pasted in the hat of those who try to "beat the traffic" across its right of way.

"The glass in your windshield is the same stuff they put in hospital windows. Which will you look through?" is a very pertinent query.

"Fifteen miles an hour may be a chill but fifty is fever," is not too medical to be understood.

To towns troubled with too much speeding by tourists, Mr. Baer suggests: "Speed limit in this town fifteen miles an hour. One day for every mile over that!" or "We have seven hotels and one jail, take your pick!"

"Don't try to scare locomotives with your horn." The minute you save may be your last one.

"You wouldn't travel on a freight train, so don't try to travel under one." are all good to remember.

Mr. Baer intended to be funny, and succeeded; he may not have intended to be serious, but many can take his cleverness seriously with benefit to themselves and the general public.

In other words (Mr. Baer once more), "Accident insurance is a good thing to have without the accident."

—Exchange.

A novelist says there is only one perfect love. That's the old one a woman day-dreams about when her husband grouches about the bills.

One look at the congested highways over Sunday was enough to convince any man that the present-day American interprets the Declaration of Independence as a guarantee of life, liberty and the pursuit of traffic jams.

Lots of people make a specialty of pouring ice water on enthusiasm.

Bible Thought For Today
LIFE IS IN THE LOVE OF GOD.
Have I any pleasure at all that the wicked should die? saith the Lord God; and not that he should return from his ways, and live?—Ezekiel 18:23.

PRAYER.—Lord, we thank Thee that Thou hast no pleasure in the death of the wicked, and that Thou hast in Jesus Christ offered life to all.

Glass Battle With Bankers Inspires Warm Public Debate

Mitchell's Offer Of Twenty-Five Millions To Avert Possible Stock Market Disaster Turns Public Thoughts To A Problem In Finance

Public interest in sound finance is aroused by the attack which has been made on President Charles E. Mitchell of the National City Bank of New York, because of the twenty-five millions that he offered in Wall Street with the purpose of averting a stock market crash. Senator Carter Glass of Virginia charges that the banker defied the orders of the Federal Reserve Board in the matter of loans for speculation, and demands that he resign from the New York board. Supporters of Mr. Mitchell contend that his action was to meet an emergency and for that reason was justified. The suggestion from the Virginian, who was formerly Secretary of the Treasury, and also from Senator King of Utah, that the power of the Reserve Board be increased is made a part of the current debate.

Mr. Mitchell acted not in the spirit of contravention of Federal Reserve admonitions, so far as one can see, in the opinion of the BROOKLYN DAILY EAGLE, "but in the intention of meeting a real emergency, arisen after those admonitions had been given. Emergency action is not necessarily indisplorable. The Federal Reserve system itself may conceivably feel grateful to Mr. Mitchell for his prompt action, rather than resentful. As to whether the bankers supporting speculation of Mr. Glass, calling for hands off, is right in the long-range aspect of the situation, the future alone can show.

In the press of the moment, bank support was the only ready expedient.

"There is serious question," states the KANSAS CITY JOURNAL-POST, "whether entrusting such power to the Federal Reserve Board as Senators Glass and King seem to favor would not bring evils in other directions far outweighing any possible benefits. It would establish a real money trust. Even if it sought to do everything solely for the general welfare, yet the conferring of such power would be a substantial limitation on the right of exercise of judgment necessary to free business."

In support of the bankers' position, the SAN FRANCISCO CHRONICLE argues: "No sooner had the Federal Reserve Board issued its famous order to member banks to hold down on loans for stock-market purposes than money all over the country pricked up its ears. The order, and its stupid proclamation, gave a wonderful advertisement to the high interest rates to be had on call loans for stockmarket speculation in New York. Large depositors all over the country took their money right out of the banks and sent it to New York to be loaned on call at those high rates. In this manner the Federal Reserve Board helped to boom stock speculation."

"We do not understand," asserts the HARTFORD COURANT, "that Mr. Mitchell, who is a director of the New York Federal Reserve Bank, is in any sense in disagreement with the Reserve authorities on that point. Stepping in on an emergency to prevent a crisis does not prove that he is. Senator Glass has already introduced in Congress a measure of a remedial nature, and it is understood that he will press his attempt to curb stock speculation in Congress. Wise legislation may help to avert a crisis, certainly needs help from some quarter. That it would have been helped had the National City and other New York banks kept aloof the other day is to be doubted, or rather, to be denied."

"Mr. Mitchell's bank could have loaned its \$25,000,000 for emergency purposes without criticism, probably in Germany," argues the SPRINGFIELD REPUBLICAN. "If it had not given publicity to an official statement that read as if its president were overruling a subordinate, the Federal Reserve Board should enjoy such prestige in the financial world that its expressed views on the speculative use of bank loans should be virtually beyond challenge."

Republican, nevertheless, charges lack of independence on the part of the board, and concludes: "It is fortunate, perhaps, that President Mitchell said what he did, if the attention of Congress and the country has been fixed on the defects and imperfections of Federal Reserve Board supervision in the past decade."

Taking note of the fact that the banker's action has aroused protest, the SPOKANE SPOKESMAN-REVIEW declares: "There should be a lesson in this for men in powerful position—whether in banking, industry, transportation, or what not—who are carried away by an overweening appraisal of their own importance, and who act at times as if they thought they outweighed the nation, its institutions and its laws."

The BALTIMORE SUN also feels that "a director of a Federal Reserve bank, should have found methods of doing a thing he believed necessary to do, and which the Federal Reserve Board could not have prevented his doing without a sort of bumpiness which cannot but detract from the prestige and authority of the board."

Senator Glass' demand that Mr. Mitchell resign or be removed from the board, suggests the CHARLESTON EVENING POST, "has the support of a number of Senators and it is certain to be a rallying point for a movement against stock gambling."

The SALT LAKE TRIBUNE advises that "so far the Federal Reserve law has worked to a charm and it should be strengthened instead of weakened. The RALPH NEWS AND OBSERVER maintains that Senator Glass, as one of the main sponsors of the banking system, is entirely within his rights in calling the attention of the country to the grave abuses of the system to serve the speculators in New York."

"If Senator Glass and his fellow lawmakers can devise safe legislation against the improper diversion of credit into speculative channels," says the CHICAGO DAILY NEWS, "they most assuredly should be so. However, to define speculation in a way to distinguish it infallibly from investment is anything but easy. Crude and arbitrary legislation on the subject would be likely to do far more harm than good."

The ASHEVILLE TIMES voices the comment: "What happens in the market during April will largely determine the attitude of Congress in the matter. Excessive speculation may become too heavy and bring about its own correction, or it may not, at least in the near future."

"Should they have let the situation grow to panic proportions, although well able to extend the helping hand, which Mr. Mitchell did in fact extend," asks the NEW YORK EVENING POST, with the assurance that "Mr. Mitchell took the right and wise action," and that "no institution has been more carefully and convincingly backed up by the Federal Reserve Board's liquidation policy for many months than has Mr. Mitchell's institution."

The NEW YORK TIMES states that "Senator Glass seems to have confused a temporary emergency with a permanent policy," that "the banks did not come forward with funds to promote speculation, but to prevent what threatened to be a serious crisis in the money market."

The LOUISVILLE TIMES concludes that "the incident, which provokes Senator Glass' wrath reveals the fact, that, like the block system, the Federal Reserve may fail to function because of the human element."

BRUTAL WEATHER BUREAU
The Department of Agriculture seems to be directed by unimaginative officials. There is no disposition to give credit to any action concerning times for planting. These men even attack the long cherished idea that the Moon has something to do with the crops.

The Weather Bureau has just sent out the following advice: "Curiously persistent are the various superstitions relating to the effect of the moon on the weather or on the farm crops. One of the most unreasonable of these beliefs is that at the horns of the new crescent moon up downwind it is a wet moon, portending rain."

As a matter of fact, on any given date the position of the crescent moon is always the same in places having the same latitude, so the same kind of weather would necessarily prevail. There is sign of any value, throughout a belt of latitude extending around the globe.

"Again, near the Equator, in a part of the world notorious for its heavy rainfall, the young moon is severely in an almost horizontal position, or, according to the proverb, it is almost always a 'dry' moon. If the moon could be viewed from the North or South Pole, on the other hand, its position would be, for the superstitious, indicative of 'wet' weather, but these regions are characterized by so little rainfall and snow that they rank among the arid parts of the globe."

"Other superstitions relating to the moon are those which offer guidance in farm practice, such as sowing, or reaping, breeding, or butchering, slaughtering or shearing, or any other farm activity supposed to be affected by the moon."

According to Gertie, the waitress waffles are safer to eat than pancakes, 'cause they've got non-skid treads.

Between 1500 And 2000 School Boys And Girls Enter Marble Tourney

More than 1500 and perhaps 2000 boys and girls will enter in the coming city-wide scholastic marble tournament for boys and girls, according to an announcement at the headquarters of the Ben Franklin Junior High school, Saturday, April 27, not quite three weeks away, the date upon which the school winners will be determined.

Some time during the first of May, possibly the 4th or 11th, the winners that are victorious in the different school meets will gather at the Franklin stadium playground, where will be staged the first inter-school marble meet. On this day the city championship will be determined. A week or so after the victor will be presented with the beautiful Jack Gerson cup and formally crowned as king of New Castle's marble colony.

Preliminary instructions are being given the students of the various schools this week by the members of the Franklin H. S. sponsors of the contest. Most every school is being visited by at least two boys, while some are being taken care of by only one. At each school the boys will be aided by the physical education teacher of that particular school. Other volunteers have also offered their services and each will be in charge of the training.

When the boys have given the necessary aid they will await the coming of the contest. Practice will proceed in earnest at the different buildings and everything will be done to get the contestants in shape.

Girls may also enter the contest as well as boys. It was thought by some that only boys were eligible and this was told around to some extent. The fact that girls cannot enter the con-

test is absolutely false and without foundation. Instead, marble contest officials hope that girls will become enthused and enter to compete against the boys. Numerous applications from girls have already been received, indicating that they are interested, too.

The marble contest manager has designated the boys to the various schools. After school this week instructions will be given as to playing rules and regulations as well as information regarding the standard playing rings.

The list follows:
Aiken school: Robert Mosoman and Bud Rigby; Arthur McGill; John Frazer and Kirk Patterson; Cronin; Nick Ross; Hubert Wagner and Victor Wagner; Highland: Jack Barnett and Joe McArthur; Lawrence school and the George Washington Junior High: Raymond Koelicker and Jack Murphy; Lincoln and Garfield: Sam Dennis; Thomas Clements; Frank Reed and Wilbur Perry; Mahoning: will be sponsored by the school entirely.

North street: Jack Armstrong, Kenneth Wallace, Paul Egan and Elmer Wutman; Oak street: Carl Cummins, Augustine Restivo and Robert English; Pollock: Harold Sanders and Nick Marmo; Rose avenue: Raymond Bates, Thomas Serbic and Franklin Fleming; Terrace: Fred Zapawick and Albert Jones; Thaddeus Stevens: Howard Gresham and Paul Hoffman; West Side: Joe Tanfella and James Abraham; Benjamin Franklin Junior High: Donald Anderson.

at Gotia's home. The jury found that Gotia fired in self defense after Valca tried to kill him with a butcher knife. Valca, who had been at Gotia's home for several hours, was arrested at noon Saturday on a charge of drunkenness and disorderly conduct. Officers did not know he had been shot until Saturday night. He then was taken to the hospital, where an operation was performed in an effort to save his life. He refused to name his assailant and died without doing so.

Gotia, in a confession, said Valca had attacked him with a butcher knife, causing him to shoot Valca to save his own life.

Novel Program For Next Dinner Party

Dr. H. E. Zerner Is Chairman Of
Entertainment Committee At Consistory

Much interest is being taken in the next dinner party of the Consistory Dinner Club, which will be held in the Cathedral on the evening of Friday, April 19th.

Dr. H. E. Zerner is chairman of the entertainment committee and is making extensive preparations for the entertainment of the guests on this occasion. The program to be carried out is quite different from any that has yet been held. One of the largest crowds of the year is expected present.

NEW BEDFORD

The cheerful Climbers class of the M. E. church met Friday evening in the home of Rev. O. E. Shaffer of New Castle. The evening was spent socially. Later delicious refreshments were served by the hostess. The guests included Fay Wilcox, Margaret Cover, Betty Boyd, Thelma Shields, Mabel Kegarise, Mildred and George Peaslee, Ora Mae Harry, Melvin Morehouse, John Kegarise, Floyd Harry, Herbert and Ralph Boyd.

Mr. and Mrs. J. T. Bentley of Counsinsville called on Mr. and Mrs. Frank Carlisle Sunday.

Mr. and Mrs. Chauncey Rogers of Masury, O., spent Saturday evening with O. H. Rogers and family.

W. H. Cover of New Castle spent Saturday with Mr. and Mrs. S. E. Cover.

Mr. and Mrs. Lucien Black and daughter Margaret Ann of New Castle spent the week-end with Mr. and Mrs. David Black.

Mr. and Mrs. Charles Stoner of Brownie Woods called on Misses Ella and Mattie McCready on Saturday evening.

M. and Mrs. Lowery Eckles and daughter Margaret of New Castle and Mr. and Mrs. E. R. Lowery spent Sunday with Mrs. Mary Lowery.

Earl Sherry of Youngstown, O., called at the home of S. E. Cover and family Sunday afternoon.

Mrs. Earl Hutchinson of New Wilmington line returned home after spending several days with her parents, Mr. and Mrs. Ellis Harry.

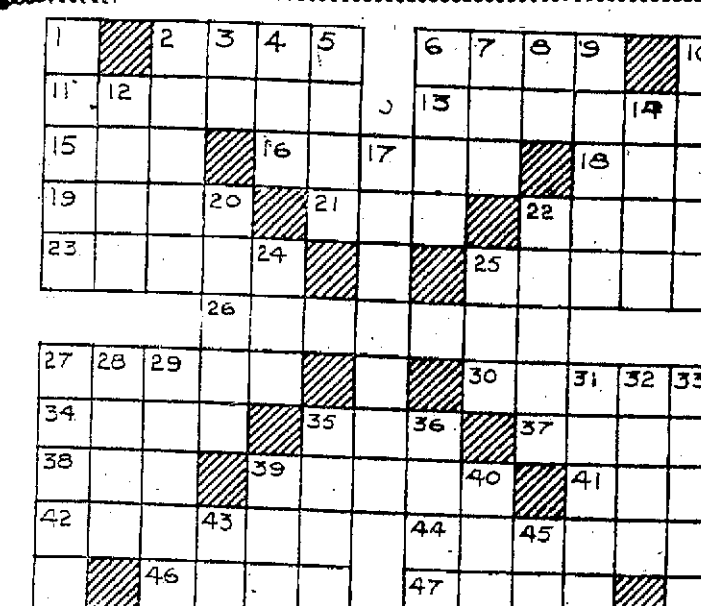

Paris announces that the dresses of the women this spring will be bright colored. No doubt that is so that we can see them.

TRICKED IN SPITE OF FATHER'S WARNING

"I should have been so mad at those Ducks for being such traitors that I would have flown at them and pecked their feathers out if I had been you," exclaimed the boy, and at this remark Duck quacked with glee. "To be sure, I felt like doing that very thing, but it wouldn't have done me a bit of good," declared he. "Those Ducks were traitors to their people all right, but you see, they were not flesh and feather Ducks at all—they were made of wood, so that they would not have cared a bit what I did to them. I could have pecked them to pieces and they wouldn't have felt it!"

"Geewillikins, I never thought of that," exclaimed the boy. "When you found out they were only wooden images, what did you do then?"

"Everything I could think of to save my life," cried the Duck. "Just the very instant I found out that the Ducks were wood I remembered what my father had told me about a trick the Two-Legs had once played upon him and his two brothers."

"The Ducks started out fishing one fine day, and being very wary fishermen they waited before alighting on the water, to make sure of 'safety first.' But when they saw other Ducks on the fishing grounds they thought, of course, that all was well, and went to join them."

"Alas, the other Ducks, too, were made of wood, and put there to make the live Ducks come down so the Two-Legs could shoot them. Well, the Two-Leg hunter knew that my father and his brothers were too wild to catch unless they were tricked into coming near enough for him to shoot them."

"His friends fell victims to the bang-stick. Father only was left to tell the tale, and many's the time he warned me against those same wooden Ducks. To think that I was fooled, after all!"

Duck shook his head and quacked scornfully at himself for being so tricked.

"It only goes to prove that no Duck is so wise as he thinks he is," said he. "I will say this much for myself, though: Hereafter I'll not trust myself near a Duck that does not quack. Never again!" The funny fellow held up his right foot as he made this vow. Peter laughed.

"Oh, you'll do the same thing over again," declared he. "We all do. Now do go on with your story. You birds leave the most aggravating way of stopping just as you come to the most interesting point. Let's see, you said you heard a gun go off once, twice, three times. Did any of the shots hit you? Did you find out who was shooting? Was he aiming at you?"

"I should say I did! He certainly was!" declared Duck, answering the two last questions in the same breath. "Just the very second that I discovered those Ducks were made of wood, and remembered what had happened to father and his brothers, I knew that my life was in terrible danger. Someone was out after my feathers!"

Are 25 Years Old**
Big District Celebration Being
planned At DuBois On
April 25th

A number of New Castle Spanish War Veterans are planning to visit DuBois camp, Thursday, April 25th, when the 25th anniversary of the founding of the order will be celebrated. It will be 31 years since the war with Spain began. Elaborate preparations are being made for the affair.

Col. George Rickards of Oil City will be the principal speaker of the occasion. Col. Rickards was connected with the 16th Pennsylvania Regiment of which Company B. of New Castle was a part.

It is expected that several car loads from New Castle will go to DuBois for the celebration.

Five Liquor Deaths Reported In Mercer County During Year

Report Of Medical Director
Gives Statistics On Mor-
tality In 1928

MERCER, April 9.—Five died in Mercer county in 1928 from alcoholic poisoning, the health bureau report for 1928 just released by the bureau in charge of Dr. S. J. Dickey, medical director, shows.

During the year 15 died between the ages of 50 and 65 years, one at 100 years, while between the ages of 75 and 85, there were 210 deaths. The smallest percentage was between the ages of 1 to 5 years, only 29 being reported.

During the year 1928 cases of communicable disease were reported at the health bureau. This number is almost on a par with the 1927 list which totaled 1921. The high water mark was reached in 1926 when 2573 cases were reported.

Potters Expect Big Crowd On June 15

Hope To Have One Of The
Finest Programs Ever
Published

According to H. W. Schuman and Harry Robinson, who are the secretaries of the National Brotherhood of Operating Potters, announced that the Chamber of Commerce anticipate that they have been very kindly received and supported by the merchants and business people of the city and that they have hopes of having the largest and finest program ever published for a national outing for their organization. They hope to complete their work this week.

The outing of the Potters will be held at Cascade Park on June 15 and indications are according to Mrs. Schuman and Robinson that more than 25,000 people from all points where there are potteries will be in attendance. The program will contain a history of New Castle, which has been supplied by the local Chamber of Commerce.

Why Not Help Your Stomach

If it bothers you! Indigestion and its results—sour stomach, headache, gas, rheumatism, too much acid which causes colds—quickly vanish with daily use of ACIDINE.

ACIDINE is better because it contains: 1. An entirely new combination of the best anti-acids. 2. A substantial amount of powerful stomach food digestant, which eliminates one great cause of indigestion— inability to digest starches. 3. A protein digestant for meats. 4. A protective coating preparation to prevent infection of the stomach walls. 5. A cumulative to tone up and put life into the stomach! 6. The best, finest, purest 17, S. D. material it is possible to make.

It is a new discovery, recommended by the best doctors—an ultra modern medicine for stomach troubles and resulting ills. No home should ever be without it. Your druggist recommends it or write the makers, Health Laboratories, Inc., Pittsburgh, Pa.

SEVENTH WARD NEWS

Large Amount Of
Old Paper Gathered
By School PupilsTwo More Days Of Contest;
Other News Notes Of The
Seventh Ward

During the first half of the old paper campaign at the Mahoning school a large amount of old paper was brought in by pupils. The contest started last week on Wednesday and will end this Wednesday. The campaign lasting six days.

The entire amount of pounds brought into the school during the first half of the contest is not known. The six grades bringing in the largest amounts brought in a total of 6,585 pounds, during the first three days of the campaign. There are twenty-five groups in the school and they all brought in some.

Group 5B is leading the first half, having brought in 1,445 pounds. Group 4A-1 is a close second with 1,365 pounds. The next four groups in rotation are: 6A-1 with 1,200 pounds; group 2A-1 with 1,215 pounds; 7A with 790 pounds and 2B with 580 pounds.

The paper brought in up to and including last Friday has been sold and the sum noted was \$53.94. It is hoped during the remaining half of the contest to bring in enough pounds of paper to bring the sum up to \$100.

This is another benefit for the school library. The sum raised will be used to purchase books for the school library. To the group bringing in the large number of pounds of paper there is to be some reward.

Mahoning Pupils
Selecting SchoolsNinth Graders Can Go To Either
Of Junior High
Schools

Pupils of Mahoning school who will be in the ninth grade next fall are selecting the school they wish to attend. The ninth graders can go either to George Washington Junior High or Ben Franklin Junior High.

Sometime ago it was decided by the school board there would be no ninth grade at Mahoning school after the present school term. There were a number of reasons for the decision particularly that it would be of more advantage for Mahoning ninth graders to have benefits of the larger Junior high schools.

Mahoning school pupils who will be in the ninth grade when the school term begins next fall will go to either George Washington or Ben Franklin, just as they choose now. There is no difference in the two schools, George Washington being the newer. To Ben Franklin they will not have so far to go on the street cars. But it is a matter of choice with the pupils, they can go to which school they please. So far some have chosen Ben Franklin while others have chosen George Washington.

PARENTS' DAY

Tuesday of next week, April 16, will be parents' day at Mahoning school. On this day any parents of Mahoning school pupils who desire have the privilege of coming to the school to see and hear the class work.

EDUCATIONAL CLUBS

Educational clubs of Mahoning school will have club meetings on Wednesday during the fourth period.

MISSIONARY SOCIETY.

The Home and Foreign Missionary society of the Mahoning M. E. church will meet this evening at the home of Mrs. D. D. Sleppy on Newell avenue. The Home society is in charge of the meeting.

It is a jubilee program with Mrs. Sleppy in charge. Devotionals will be conducted by Mrs. A. T. Johnston. Members of the Home society are to bring their mite boxes or send them; as this is the last meeting before the district convention.

BASEBALL.

All young men of the Mahoning M. E. church interested in baseball are to come to the Fenway grounds this evening at 5:45. T. baseball team is to be organized. This gathering was previously announced for Thursday evening but was an error.

LADIES AID SOCIETY.

The Ladies Aid society of the Madison Avenue Christian church will have their monthly meeting Wednesday afternoon at 2:30 at the home of Mrs. R. G. Clark of North Cedar street.

CONGREGATIONAL MEETING.

Wednesday evening there will be a congregational meeting in the Mahoning Presbyterian church. This is the annual meeting and is being conducted by the trustees. Annual reports of the congregation will be made and trustees will be elected. This meeting will follow the prayer service which begins at 7:30. The prayer service will be a very brief devotional service.

RETURN HOME.

Mr. and Mrs. Jack Reeves of Warren, O., and children returned Sunday to their home after visiting with Mr. and Mrs. N. J. Bachofner of Cherry street.

TEACHERS AND OFFICERS. This evening at 7:45 there will be a meeting of teachers and officers in the Mahoning Presbyterian church.

PENNA-BO LODGE.

Penna-Bo lodge to Brotherhood of Locomotive Firemen and Engineers will have their meeting Wednesday afternoon in the Woodman hall.

SEVENTH WARD PERSONALS

Mr. and Mrs. John Emery and family and Mr. and Mrs. Johnson of Struthers, O., visited Sunday with the former's mother, Mrs. B. McFadden of Newell avenue. Mary Louise Emery had spent the week-end with her grandmother.

Jerry Evans of Chicago, Ill., is a guest at the H. G. Coates of N. Liberty street.

NEW CASTLE
BUTLER AND
JEANNETTE**W. J. OFFUTT CO.**NEW CASTLE
BUTLER AND
JEANNETTE**Time To Swat The Fly**

"It is quite true and equally as true that familiarity breeds contempt. However, when contempt takes a toll of 40,000 lives annually in the United States, when it results in many thousands of deaths from diarrhea it is time to consider the wisdom of such an attitude," said Dr. Theodore B. Appel, state secretary of health, today.

"Because it has always been around and because it does not sting are no good reasons for tolerating the fly. Yet one's familiarity with this pest is the biggest reason for the general attitude of indifference exhibited toward it.

"True, much progress has been made against this disease breeding insect. Screening the house, and a sanitary consciousness particularly in urban sections, as well as swat-the-fly campaigns have done much to limit the fly's disease and death dealing power. However, one has but to step outdoors even in the city, to realize that this general enemy of mankind is far from being subdued.

"Exposed garbage and filth in general represent the most potent fly-breeding conditions, especially in cities and towns. And with additional care and thought much of the illness and many of the deaths now directly attributable to the fly could be eliminated, so far as communities are concerned.

"Moreover, water tight floors of concrete in stables and fly tight manure pits will immeasurably add in reducing the fly menace on farms. No effort is too great to make where the destruction of the fly is concerned.

**Cant Re-Wed For
50 Year Period**

RICHMOND, Ind., April 9.—A judge here barred Mrs. Dora McClain, a divorcee, from marrying in 50 years.

Notice of the divorce petition had been given her husband, Fred McClain, at the Lincoln and Garfield school, by publication instead of by

service, which, under the Indiana law, makes it mandatory for the circuit court judge to prohibit marriage for two years.

"I will have to make an order forbidding you to marry within two years," Judge G. H. Hoelscher explained to Mrs. McClain.

"It's all right with me if you make it 50 years," she answered.

"All right, I will," the court replied.

At present no passengers can be taken on or discharged at New Castle.

**South Side School
Prepares Operetta**

Lincoln-Garfield School To Present Program Early In May

Plans are now being outlined for the presentation of "The Palace of Carelessness," an operetta in two acts at the Lincoln and Garfield school, according to reports from the dramatic department of that institution.

The operetta will probably be presented on May 9 or May 15. The place will be either the Lincoln and Garfield auditorium or some other school's auditorium. Work has already begun and the instructors are giving out the parts to the different students. It has been customary for a number of years to present a play

or some entertainment at this institution once every year and this plan is expected to be carried out.

PRAYER OFFERED
FOR E. E. BEIDLEMAN

By ROBERT F. GORMAN,
International News Service Staff
Correspondent

HARRISBURG, April 9.—The house went into session today at 11 o'clock and proceeded to receive bills from committees and consider in amendments made to House bills in the Senate.

When the House reconvened there were no candidates on the desks and only a few bills so that it was impossible to go ahead with the regular work of the day. Delays in the printing plant tied up all legislation. At 11:30 Representative Flynn, Elk, who occupied the chair during the temporary absence of speaker Hess, announced that the House would be "at ease" for a few minutes.

In opening the session of the House today Chaplain Martin Schweitzer offered the morning prayer as a tribute to former Lieutenant Governor Edward E. Beidleman, of this city, who died early today. He spoke of the dead leader as a former member of the House and Senate.

Prepare Annual Canning Season At Penitentiary

HARRISBURG, April 9.—With an estimated production for this year of 75,000 gallons of canned vegetables, to be used by State-owned and State-aided institutions, the garden and cannery season at Rockview Penitentiary is scheduled to get under way in the next few weeks.

More than seventy-five men are annually employed in the garden and cannery of the institution. The garden comprises between 200 and 225 acres, which is devoted to the raising of vegetables for canning purposes. The cannery begins operations about June 1 and continues until late November. The products are sold to other State institutions for consumption by the inmates.

Legion Of Honor To Meet Friday

Members of the Legion of Honor of the New Castle County will hold their regular monthly meeting at the Cathedral Friday evening at 8 o'clock. One of the important matters to be taken up will be the formation of a drill team from members from New Castle and the surrounding district. Commander Melvin L. Craig is desirous of a full attendance of the membership at this meeting.

Gives Advice For Use Of Air Mail

(Special To The News)
WASHINGTON, D. C., April 9.—Mark your envelopes plainly—air mail—and place on the letters only the five-cent air mail stamp, is the advice offered by the United States post-office department to residents of New

Castle who patronize the air mail service.
"We still receive an amazing amount of letters bearing both the air mail stamp and the ordinary two-cent stamp," postal officials state. "In the aggregate, this amounts to a substantial loss to the users. A large part of the public apparently does not know it, but the air mail rate includes everything—it is not a surcharge."

The officials point out that no stamp other than the air mail stamp is necessary on the air mail letters, but caution that all such letters should be marked plainly—air mail—so as to insure correct handling by postoffice employees. Many classes of mail, they say, takes five-cent stamps, and air mail, unless it is conspicuously marked so, may be included in ordinary five-cent postal matter in the sorting of the mail.

Trap Beaver To Stop Damage In Some Localities

HARRISBURG, April 9.—Experts of the state game commission have started the annual spring trapping of beavers in sections where they have become too numerous. They use traps which take the beaver alive and permit its transfer to some other section where they are more scarce.

Despite the efforts of the commission to confine the animals to sections where their dam building proclivities can do no harm, they frequently flood public roads, destroy timber or take over public water supplies for a house. Their willingness to work makes destruction of their dams useless so that in most instances they must be trapped and removed to other sections.

Kept in their proper environment beavers do no harm, officials of the commission say. They do not eat fish and prefer the bark of trees which have little commercial value.

Spring is the time when the annual migration of beavers takes place and by fall an increase is expected in the 400 established colonies which the commission has listed.

Although private trapping of them or destruction of their dams carries a penalty of \$100 the commission recently brought two prosecutions.

SIXTEEN GIVEN EMPLOYMENT

(Special To The News)
WASHINGTON, D. C., April 9.—The New Castle employment service, co-operating with the state and federal employment services, placed 16 persons in positions of employment during the week ended March 29, the United States department of labor reports.

During the week, 32 persons requested work through the New Castle service and the service received 18 requests for workers, referring 25 individuals to positions and placing 16 in employment, the labor department report reveals.

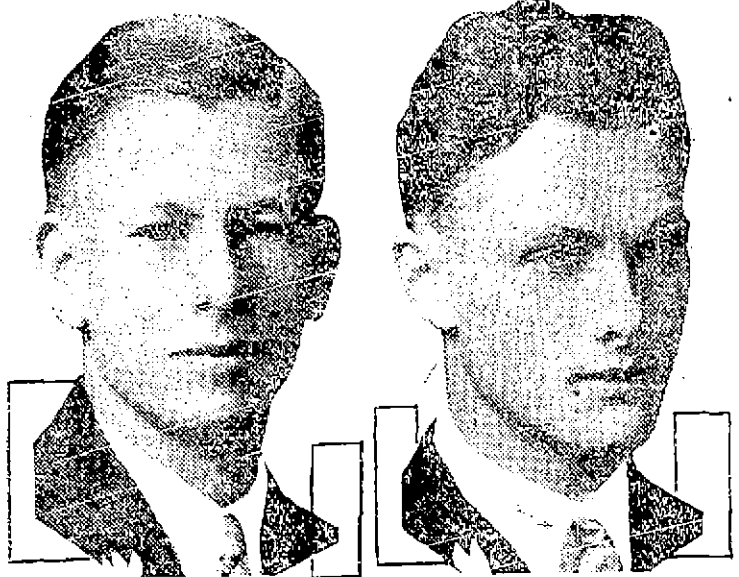

Joe Dinger And Roy Minteer Win Fights

Joe Dinger, New Castle 150 pounder scored an impressive victory last night when he defeated Joe O'Malley, at Wheeling, W. Va. Dinger floored O'Malley several times and was canvassed once himself. It was a thrilling fight, Roy Minteer, the sardine-top of the West Side, outpointed Jimmy Edwards in a fast battle. Jimmy took Dinger and Minteer to Wheeling.

Believe Lost Fliers Found

(International News Service)
SYDNEY, N. S. W., April 9.—Natives brought an unconfirmed report out of the bush today that the missing plane Southern Cross, which was forced down near Wyndham on March 30, had been located on the coast, about 30 miles from the Drysdale mission.

A mission lugger was dispatched down the coast to investigate the report.

Australian Aviator Woods, flying over the Drysdale Mission, 100 miles west of Wyndham, dropped messages to the natives of the mission. The latter replied by waving a sheet. In this manner they informed Woods that natives had reported finding the plane and that the lugger had been sent.

There were four men in the plane, including Capt. Charles Kingsford-Smith and Capt. Charles Ulm, who distinguished themselves on their Trans-Pacific flight last year. In addition there was a pilot and a radio operator.

Members of the Drysdale Mission had previously signalled to searching planes that they saw an airplane fly over the district at 11 o'clock on the morning of March 30 that they believed to be the Southern Cross.

Appomattox Day Is Observed Here

G. A. R. Ladies Have Dinner
And Program At City
Hall At Noon

Annual observance of Appomattox Day, anniversary of the surrender of General Robert E. Lee and the end of the civil war, was held at noon today in the Sons of Veterans Hall in the city building under the auspices of George W. McCracken Circle No. 168, Ladies of the G. A. R. More than fifty people were in attendance at the event, including twelve veterans of the civil war and their wives and a number of widows of civil war veterans.

An excellent dinner was served promptly at noon at tables decorated in the national colors, Rev. S. L. Maxwell of the Epworth M. E. church giving the invocation.

Following the serving of the dinner, Mrs. Zella George, chairlady of the program committee, assumed charge and the program of the day, which included a very interesting patriotic address by Rev. S. L. Maxwell, was given. Another number of the program was the singing of a patriotic song by Mrs. Dana Falls Davis, with her husband, Edwin J. Davis on the harmonica. This proved one of the interesting features of the afternoon.

The program was conducted by short addresses by various veterans and others present at the event.

The veterans present at the affair were James E. Elder, Wilmington Junction; A. R. Houston, New Castle; S. W. Davis, New Castle; C. B. Hamilton, New Castle; D. E. Needler, Edenburg; M. H. Alexander, New Castle; Thomas D. Wilson, Clinton; A. R. Kerr, New Castle; H. G. Sharp, New Wilmington; Frank E. Cunningham, New Castle; Phil Wagner, New Castle; D. M. Clark, Mt. Jackson, commander of Post No. 160 G. A. R.

Mrs. M. J. Tripp, president of the Circle was in general charge of the affair, while the other activities were handled by committees with the following chairladies:—Dinner room committee, Mrs. Carrie Heitzmann and Mrs. Daisy Mitchell; kitchen committee, Mrs. Minnie Meyers and Mrs. Jesse Crooks; coffee, Mrs. Margaret Hammond; Program, Mrs. Zella George.

It would be enlightening to know whether George Washington's wife ever asked his opinion of her new hat.

What a life! If you let the children ramble, they get out of control; and if you don't let them leave home, how can they learn good manners?

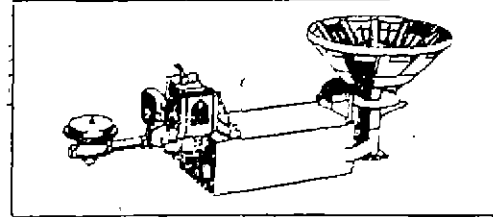

Mrs. Virginia Hammond, of 1414 E. Washington street is able to be out after being very seriously ill.

Freight Train Wreck Near Monongahela, Pa. Causes Traffic Tieup

Freight Train Derailment Closes
Traffic For Time; No Cause
For Wreck Given

(International News Service)
MONONGAHELA, Pa., April 9.—Although a fourteen-car pile-up of freight cars resulting from a derailment covered both the main tracks of the Pennsylvania railroad here today, passenger service was not disrupted, an auxiliary freight track carrying the traffic.

Wrecking crews were expected to clear away the debris by noon, and the repair of some 450 feet of track-ages which was torn up was begun. Officials of the company would not state what caused the pile-up.

The accident occurred at 9:55 p. m. when a car in the middle of a 100-car freight train was derailed and pulled 15 other cars with it before the train was halted. The scene of the pile-up was about 200 feet from the passenger station here. Portions of both the north and south main tracks and a strip of a branch track to a junction line were torn up.

Annual Meeting At Highland Church

The annual business meeting of the Highland congregation will be held Wednesday evening at 7:45. Reports of work done by all organizations will be heard. Elders will be elected to fill the places of R. A. Eckles and John M. Wallace, whose terms

expire. In addition, the Session is recommending the election of two additional elders to take care of the growing congregation. The terms of W. H. Gillespie and Leo E. Allen as trustees also expire, and successors will be elected to fill their places. The Session will recommend that the charter of the church be changed to permit the election of three additional trustees.

Smith Is Arrested After Three Years

Former New Castle Auto Sales-
man Is Said To Be Short
Approximately \$8,000

David H. Smith, aged 35, former New Castle automobile dealer, was arrested here yesterday and taken to Pittsburgh to be tried for fraudulently obtaining approximately \$8,000 from three Pittsburgh automobile finance companies prior to 1926.

Smith's arrest ended a three year search by Pittsburgh detectives. The arrest was made by Allegheny county detective, Frank Ritz on a bench warrant.

Smith was indicted in 1926 on charges of false pretense and fraud. He was traced to Florida and other points, but always seemed to disappear about the time that he was to be arrested.

He was in a hotel here when placed under arrest. Smith is known to a great many New Castle people as he was formerly quite active in the automobile business here. Several of his former friends are said to have sustained losses through endorsements for him.

According to the male fashion experts a man must have 20 suits of clothes and at least 12 hats to be well dressed. But he doesn't have to wear them all at one time.

Third U. P. Church Annual Meeting

Excellent Progress During Year
Shown By East Side
Congregation

The annual congregational meeting of the Third United Presbyterian Church was held on Monday evening at 7:30. Election and reports of different activities of the church were reported.

Bernard Hook the chairman of the congregation and Mrs. P. D. Gibson secretary were re-elected for a period of one year. Dr. R. M. Eagleson and J. E. Miles were re-elected as trustees for a period of three years. The clerk, A. J. Minnick reported 141 new members. One hundred were reported on profession of faith with 41 by letter. Ten hundred and ten were reported for general assembly.

It was voted that the pastor's salary be increased by \$500. Thirty two thousand six hundred dollars were paid by the congregation and organizations of the church during the year. The church debt was reduced by \$10,000, besides the interest being paid. The Board of Deacons was authorized to be elected soon. C. C. McKibben read the auditor's report and an arising vote of thanks was given G. H. Colnot, treasurer of the church. The M. C. Circle rendered six pleasing numbers at the meeting Monday evening.

Mercer Court Term Smallest In Years

Judge McLaughry To Require
No Assistance In Handling
Cases Listed

MERCER, Pa., April 9.—Unless the April criminal list is materially increased between now and the opening date on April 22 Judge J. A. McLaughry will hear the cases unassisted he announced today.

He will have less than 20 cases to dispose of at the term with the certainty of a number of pleas being entered to further reduce this number. But one week of court is all that is in sight. This will be a radical change in court programs here.

BRIDGES DAMAGED.
The floods of last week will cost Mercer county \$5,000 in damaged bridges it is announced today by County Engineer F. P. Graham.

The Rummel bridge in South Pymatuning township is out. It is a 24 foot span. A bridge at Fredonia and one at Millbrook were damaged. One of the two bridges near West Middlesex was damaged slightly. This bridge was taken by the flood last year.

Lakewood Hard Hit By Recent Storm

Lakewood, the little summer resort at East Brook, was hard hit by the heavy rain last week, when considerable damage was done.

The dining pavilion just below the breast of the dam was undermined, causing the support to collapse from under the roof. The ground below the dam was also badly washed out, which will necessitate considerable filling before the summer season opens.

Grove City Hears Methodist Bishop

Delivers Address On Prohibition
Question Before Large
Audience

GROVE CITY, April 9.—Bishop Joseph F. Berry of Birmingham, N. Y. delivered his famous patriotic address "Has Prohibition Failed?" in the Grace Methodist church last evening.

Bishop Berry is one of the outstanding men in the Methodist church and for eight years was bishop of the Philadelphia area of his church.

HOLD REVIVALS.
Interest is increasing in the Free Methodist revival services which are being held in the Reformed church on West Main street. Rev. C. A. Garrett is in charge of the services.

MISS WHITE HOSTESS.
Miss Marian White was hostess to 20 of her friends at her home on West Main street Saturday evening. Cards and dancing was enjoyed during the evening. Miss Jane Griffith of Pittsburgh was a special guest.

CLUB MEETS.
The O. N. Club was entertained last evening in the home of Mrs. James Hotenbaugh, West Main street. Following the business meeting a social hour was enjoyed and lunch was served.

CHURCH TO CELEBRATE.
At the congregational meeting of the members of the United Presbyterian church held last week the question of sanctioning the celebration of the 50th anniversary of the local church was acted on. The celebration will be held in September.

LODGE MEETS.
The Judith Rebekah lodge of this place will hold their regular meeting in the I. O. O. F. hall this evening. At 6 o'clock a dinner will be served to the members who have signed the dinner pledge and the guests will be Mrs. Maud Mowry of Sandy Lake district.

deputy of the western district and members of the Sandy Lake lodge. Mrs. George Osborn will be chairman of this dinner.

Following dinner the regular lodge session will be held. Installation of the new officers will take place.

ARTS SOCIETY MEETS.
The members of the Arts society met in the music hall last evening at 7:30 o'clock. Miss Gertrude Harshaw was in charge of the program.

The Junior League crusade for punctuality at dinners and earlier dances. They protest against dinners which start at 10 p. m. and midnight dances. Worse than that they sigh, young business men are dodging their fates. Only college men are accepting invitations.

The consoling feature of the situation is that the limit is reached. Parties cannot be any later and still be at night.

POLAR WEATHER.
The success of long distance weather forecasting has been a debated topic for years. Sir George Hubert Williams Antarctic explorer and flier is on the

side of those who believe weather conditions can be predicted for years ahead. The explorer's plans call for observation of sunsets over a period of ten years from 30 stations in the Arctic and 12 in the Antarctic. The expense of ten millions would be made up quickly provided the experiment succeeded in benefits to American farmers.

THE IDEAL.
Fielding Yost tells high school pupils that in his estimation "Lindy" is the ideal man. It is worth noting that the famous football coach omits athletic prowess from his list of essential attributes.

DISCOVERY NIGHT

Pupils Of McGill To Render "What's The Matter With Sally?"

Large Cast To Render Pleasing Operetta On Wednesday Night

GIVING MATINEE THIS AFTERNOON

"What's the Matter With Sally?" is the title of the operetta which the pupils of the Arthur McGill school will present in the auditorium of the George Washington Junior high school Wednesday evening April 10 at 8 o'clock.

A matinee for students and others is being given this afternoon in the same auditorium.

A synopsis of the operetta and a list of the students who will participate is given below:

A very rich and very "spoiled" little girl, Sally Van der Lynn, has due to her environment, become sulky and discontented. Hoping to discourage these traits Sally's mother plans with an old friend and schoolmate, Miss Lane, who teaches at an orphanage to leave her there as "an orphan" for a few weeks. Under the influence of the new surroundings of those less fortunate than herself Sally soon realizes that her sense of superiority is the natural development of selfishness. The plot is full of interesting situations finally developing into a characterization of friendship, love and loyalty.

Following are the persons taking part in the operetta:

Sally—Jane Elwell.
Miss Lane—Donna Jean Beall.
Mrs. Van der Lynn—Jean Lamo-

MOTOR CLUB OPPOSES TAX

New Castle Motor Club, States Hanlon, Not In Favor Of Gas Tax Bill

"We do not favor the new Pennsylvania State gasoline tax addition," states Bernard N. Hanlon, manager of the New Castle Motor Club, in speaking for that organization.

According to Manager Hanlon, the report of State Treasurer Samuel S. Lewis to the Senate Ways and Means committee on April 2 shows that there is a sufficient excess in funds for present revenues.

"It is our opinion," states Mr. Hanlon, "that this extra tax of one cent on each gallon of gasoline is absolutely not essential with the present revenues derived from gasoline, drivers' fees, licenses, etc., and that there is already quite an excess in funds."

According to the report of Treasurer Lewis, states Hanlon, the total amount necessary to carry on peak construction of the last two years and the added administration program \$142,631,780.54. The excess of funds already amounts to more than \$5,000,000.

These figures along with other statements in the report of Lewis convince the local Motor Club that the tax is unnecessary.

Junior Highs In Swimming Meet

First Meet To Be Held On Friday Afternoon At School Pool

All is in readiness for the first city junior high school swimming meet which is scheduled to be held at the George Washington Junior High school pool on Friday afternoon, April 12, at 4:15 o'clock.

Coaches of each of the three junior high teams have been drilling their boys for the past few weeks in an effort to cop first honors.

Coal Cecil Morgan of the Mahoningtown school has been drilling his boys at the Franklin pool for some time past and is expected to enter a strong team in the meet.

Five trophies will be awarded the winning aggregation by the C. E. Smith Hardware company and the Cripps Hardware company. These awards will be made to those winning the 160 yard relay race.

For the judges of the contest, Nicholas Casella and Henry McCracken of the Senior high school have been secured, as well as William Thomas, boys' work director of the local Y. M. C. A. An effort is now being made to secure Jack Krime, supervisor of swimming at Westminster college, to act as starter.

Events scheduled are the 40 yard free style, 60 yard backstroke, 60 yard breaststroke, 100 yard free style, 160 yard and the 120 yard Medley relay, diving and plunging.

OBJECT OF PITY AMONG FRIENDS

Plight Of Greensburg, Pa. Woman And How She Found Relief.

"Wherever I went I was an object of pity among my friends," said a well known woman of Greensburg, Pa., to an interviewer the other day. "I was so ill that I had lost all hope of ever being myself again. My eyes had turned a dirty yellow, my skin had become around the neck and every step I took seemed to tax my strength. My stomach was so delicate there were times when the only thing I would retain was a raw egg. I was bilious and tried every kind of cathartic without permanent relief. My head felt stuffy; there were ringing noises in my ears and I had difficulty in hearing what was said to me. I had no taste in my mouth made me sure my breath was offensive, and when I exerted myself my heart thumped as I could hardly breathe. Altogether, I could not have been much more wretched, and the few friends who stuck to me shook their heads whenever they discussed my case."

Medical treatment sometimes relieved me for a while, but always seemed to lose its value after a few days. One day my sister brought home a new medicine someone had told her about. I did not want to take something I knew nothing about, but nothing else was helping me any good, and I was so miserable I decided to try it. I had enjoyed in years, I thought that was just an accident, but I must say that by the time that bottle was gone I knew it was helping me. I got another. Before it was finished I was getting better. My head cleared up so that I felt livelier and my stomach digested the simple food I took. By the end of the second bottle I was actually hungry at mealtimes.

"Now you can see my skin is clear, my eyes have lost that awful tired look and my general condition is better than it has been for many years. You asked me to tell you how I got well, and I can put the answer in two words—'World's Toilet'."

What wonderful medicine has done for me is so marvelous that I think it is the greatest discovery ever made for sick people."

So many other people think the same way that World's Toilet has built up a wonderful standing in New Castle. You will know why after you have tried it. Write for a sample and you will obtain it of McKee's Kutz Store, Bickerd's of New Castle, Inc., or of any of our other first class drug stores. (A-16)

Goodbye dandruff goodbye itching

If your scalp burns and itches, your hair comes out and you have loose dandruff, give Listerine a trial. If you do not see improvement in ten days you will be an exception. Just douse it on the scalp full strength and massage vigorously. Keep the treatment up systematically. Note how it cleans and heals the scalp, and gets rid of those telltale flakes.

Dandruff, as you know, is caused by germs. And Listerine, safe and healing in effect, is active against germs. Even the stubborn Straphylococcus Aureus (pus) and Bacillus Typhosus (typhoid) germs—200,000,000 of them are killed in 15 seconds.

We are prepared to prove this to the entire satisfaction of the medical profession and the U. S. Government. Lambert Pharmacal Co., St. Louis, Mo., U. S. A.

Organization Of Cathedral Drive Well Under Way

Series Of Meetings In Nearby Towns To Be Held During Coming Week

ZONE OFFICERS
WILL BE APPOINTED

Organization of the committees which will present the Cathedral re-financing plan to the Masons of the surrounding counties of Western Pennsylvania, is well under way. A series of meetings is planned during the coming week to further plans in several nearby cities.

Places which will be visited this week and where meetings will be held include Ellwood City, Butler, Harrisville, and Slippery Rock.

Zone officers will be appointed in each of the 54 zones or towns in the area contributing members to the local consistory. These in turn will organize their own committees.

Next week, the counties of Venango, Washington and Green will be organized and the following week the work will be extended to Westmoreland, Somerset, Cambria, and Fayette counties.

The task of presenting the re-financing campaign to the membership is a stupendous one because of the great area covered by the local jurisdiction, but the campaign is expected to be well under way in a few more weeks.

Quick Success

Few girls in pictures have made such rapid strides toward success as this charming New Yorker. Just a few months ago she was given her first job, shadowing a star. Within three hours, she had a real part in the picture—"The Loves of Sunya."

Miss Bayard says: "I am told my selection was largely due to my perfect skin and lovely hair. I've really never taken much trouble with either. For my hair I use the simple method that most of the girls I know here in New York are so enthusiastic about. It's so easy. All you do is put a little Danderine on your brush each time you use it."

"This method is just what a busy girl needs. It's so easy; and it keeps your hair and scalp so clean you don't need to shampoo half so often. I am letting my hair grow and I find Danderine helps make it soft and easily manageable. I can arrange it any way I want and it stays that way. All my friends are complimenting me on the appearance of my hair, now—because Danderine has brought out all its natural color and made it so soft and lustrous."

Danderine removes the oily film from each strand and makes dull, stringy hair gleamy, soft, easy to dress. It tones and refreshes the scalp, helps overcome dandruff. It is delicately fragrant; isn't sticky or oily; doesn't show. All drug stores have the generous 35c bottles.

Postmasters Of State To Gather At Niagara Falls

Annual State Meeting Occurs There Next Fall; Joint Meeting Is Expected

September 16 is the date upon which postmasters from the states of Pennsylvania and New York will gather at Niagara Falls for their customary annual state meetings.

The postmasters of Pennsylvania gather for a one-day meeting in some part of the commonwealth every year. It so happens this time that Niagara Falls has been chosen for the site of this fall's meeting, the same place as designated by the New York association. Both have chosen the same date and for this reason, it is believed that joint sessions are intended.

The postmaster of the New Castle office is usually in attendance at the yearly meeting.

Special Speakers For Two Weeks

Redemption Fathers To Speak At St. Vitus Church Beginning April 14

Two redemptionist fathers will carry out a mission at the St. Vitus church for two weeks. On the week of April 14 the redemptionist father L. Balzer will deliver a series of sermons in English to the young element of the St. Vitus church and on the week of April 21, Father W. Rocco will deliver sermons to the older generation of the parish in Italian. The sermons will start at 7:30 every night.

Both Fathers Rocco and Balzer are coming to this city from Baltimore, Maryland, and are being brought here through the efforts of Rev. Nicholas DeMita who is the pastor of the St. Vitus church. Both fathers are noted for being effective speakers. This mission which will last for two weeks and is expected to draw large gatherings to the church.

On next Sunday morning Father Rocco will announce at every mass to all the members of the church some of the titles of his sermons and the time of the sermons.

This is the second mission of this kind that has been held for a number of years at this church.

Rev. Nicholas DeMita announced also that there will be three masses on next Sunday morning. The first mass will be conducted at 7:30, the second at 9:00 and the third at 10:30.

Rev. DeMita will celebrate the first mass and deliver the sermon at the first and third mass with Rev. L. Desmond McNamany celebrating the second and third masses. Rev. McNamany will deliver the sermon at the second mass.

Young Men For Y. M. C. A. Drive Are Announced

Chairman Alex Samuels Announces Y. Young Men's Team Workers

SECOND TEAM TO BE NAMED

Alex Samuels chairman of the young men's group of workers for the annual Y. M. C. A. membership drive which will begin on April 16 announced to John Ray Preston general drive chairman today that his teams for the drive had been selected.

This makes the second division of the drive workers to be selected. The boys' division under the direction of William Thomas was selected and announced some days ago and there remains but the director group to be selected before the drive personnel will have been complete.

The drive an annual spring affair will officially start on April 16 and will continue for two days. The goal set for this year's drive has been 11-

000 members for the entire three divisions. Young men who will work this year in the two days of intensive driving follow.

Edinboro Youth Eats Rat Poison, Dies In Hospital

International News Service.
ERIE, Pa., April 9.—An investigation into the death of John Reed 2½ year old son of Mr. and Mrs. Oren Reed of near Edinboro, was opened here today by Coroner Dan Hanley of Erie county. The boy died in Hamlet hospital late yesterday from the effects of rat poison.

The child had eaten the rat poison early yesterday, according to information reaching the coroner. A tube of the exterminator was found in a desk in the home. Oren, a nine-year-old brother, found John with froth coming from his mouth and called their mother who summoned a physician.

Much depends on method. Evil would have a hard time if it had to depend on a collection plate.

KANE'S DISTRICT FIFTH IN STATE

New Castle Banquet Largest In Nation For Commander Except Boston

The 26th district of the American Legion, which includes Beaver, Butler and Lawrence counties, and of which M. J. Kane of Aliquippa is the commander, now stands fifth among the 36 districts in the state.

The 26th district already has 200 more members than they had last year, with nine of the large posts in the district having a larger membership than they had last year. There are 19 large posts in the district.

Commander Kane has also been notified that the 26th district had the largest banquet for the national commander, held in the United States, with the exception of the one in Boston. This is the annual 26th district banquet which was held at New Castle.

As a result of his district having more members now than last year, Commander Kane will be presented with a medal, probably at the state convention.

Art Exhibit At School Next Week

Canvases Made Directly From Original Masterpieces To Be Shown At Junior High

Recognizing the educational advantages to be derived from opportunities to see good art, officials of the George Washington junior high school has arranged for a splendid art exhibit of 200 pictures to be held in the school's gymnasium on April 17, 18 and 19.

This collection consisting in large part of the carbon photographs, photographs and prints in full color,

made directly from the original masterpieces is selected by art experts and promises to attract large crowds.

A very small admission will be charged the entire proceeds of which after deducting the expenses in connection with the exhibit will be used to purchase new wall pictures for the George Washington school. Aside from the beautiful pictures of Washington and Lincoln presented to the school on the night of dedication by a local organization and the few pictures taken to the new school from the North street building the beautiful Washington building is minus of pictures. For this purpose the exhibit is being given with the hopes that a number of attractive pictures might be purchased.

The school hopes that individuals interested in school activities will perhaps present one of these pictures to the school. It is believed that some would like to donate such a gift. Any picture in the exhibit may be given as a donation.

Annual Meeting Of First Presbyterian

New Officers Elected And Excellent Reports Given At Meeting Monday Evening

At the annual congregational meeting of the First Presbyterian church Monday evening reports from the various organizations were read.

From the standpoint of numerical growth and finances the church year that has just closed has been the best one in the history of the church. The sum of \$27,911 was raised for current expenses, including church, Sunday school and missionary money, and for benevolences \$22,372, including Sunday school, church and missionary money.

A substantial balance was reported in all treasurers of the organizations of the church.

The following officers were elected: Trustees—Ira Ramsey, Charles Criggs, David Long.

Musical committee—S. S. Myers, J. J. Fisher.

Elders—R. A. McKinney, G. W. Ramsey, W. H. Aubel, W. C. Kennedy, J. D. Duff.

Deacons—P. R. Woods, W. G. Andrews, J. A. Seidler.

Deaconess—Mrs. F. W. Smith.

A movement is on at the present time to increase the number of elders from 15 to 18.

Warden Denounces Mabel Willebrandt, "Drunk With Power"

Former Warden At Atlanta Federal Prison Attacks Woman Assistant Attorney

International News Service.
LOS ANGELES, April 9.—Declaring Mabel Walker Willebrandt assistant United States attorney general, to be "drunk with power," John W. Snook, until recently warden of Atlanta penitentiary, today made a scathing denunciation of her spy system as a menace to the American system of government and a "disgrace" to the nation.

"She has income tax prohibition and federal penitentiary departments to handle, and that is more than any single person can handle. Nothing short of congressional action can curb her wholesale flooding of justice," declared Snook in saying that Mrs. Willebrandt is "drunk with power."

Speaking of his recent tilt with Mrs. Willebrandt over her spy system, which caused him to resign as warden of the federal prison, Snook said:

"I have sacrificed my position for a principle, and consider it was worth while to do so."

"It may seem ungracious to quarrel with a woman, but there are times in the affairs of a nation when wrongs must be righted regardless of sex. I feel that such a time has arrived to expose Mrs. Willebrandt and her policy."

"The espionage policy inaugurated by her involving the falsification of

CIVIC THEATRE GUILD TAKES NEW MEMBERS

The Civic Theatre Guild which presents the play "Dulcy" at the Senior High school auditorium on Thursday and Friday evenings of this week under the auspices of the Garden club has added two new members to its membership. They are Charles Jamison who will act as stage manager, and Jack Fulkerson who will act as assistant stage manager.

That the radio will keep the horses quiet while they are being shod is declared by a Georgia blacksmith. Doubtless something depends on the program.—The Portland, Oregon Sunday Journal.

Await Witnesses In Auto Damage Case

Expected That Suit Of Flora Mazzei Against McGregor Taxi Service Will Be Tried

Witnesses were awaited from Shantown, W. Va., this morning in a case which is to be taken up before Judge Hildebrandt, in which Flora Mazzei, in her own right and in behalf of her children is suing James W. McGregor, of the McGregor Taxi Service, for \$35,000 damages for the death of Tony Mazzei, husband of Flora Mazzei.

According to the statement of claim:

the Mazzei's came from West Virginia to visit a family in Ellwood City. They hired a McGregor taxi to take them to Ellwood City. At energy the taxi, which was being driven by Edward Haney, collided with another car and careened to the right hand side of the road. Tony Mazzei was thrown against the side of the car, suffering a fractured skull, from which he died in the Ellwood City hospital.

It is claimed that the taxi was being operated at a high rate of speed and in a careless manner.

Longest Flight Ever Tried To Begin In U. S.

By ROBERT C. LIGHTFOOT.
International News Service Staff

KANSAS CITY, Mo., April 9.—The longest solo flight ever attempted, a flight which will cover approximately 38,000 miles and last about eight months will start here late in August or early in September it has been announced.

The announcement was made by Captain Dennis Roke of London, who made one of the most spectacular flights in the history of aviation, a flight of 7,000 miles from London to Aurangabad India in a single-motored Moth biplane.

A Stock Model.
The plane in which the noted Englishman will make the flight will be a stock model four-passenger American Eagle cabin monoplane. It will be equipped with a 225-horsepower Wright whirlwind motor and will have pontoon for landing on water. Captain Roke expects to carry enough fuel to enable him to make a continuous flight of 1,500 miles. The longest jump he contemplates is 1,200 miles. He is making arrangements for fuel bases.

"The flight will not be made as a stunt flight," Captain Roke declared. "Neither will there be any particular effort made to make speed. It will be made as a demonstration of the endurance of airplanes and at various stops along the route I will deliver lectures."

Goes by Greenland.
The route as planned will be from Kansas City through Newfoundland, Greenland and Iceland to England. From England Captain Roke will fly through France to the Mediterranean coast along the coast and overland to India. From India he will fly south along the Chinese coast and through Siberia he will cross Behring Strait to Alaska and then will fly down the western coast of Canada to the United States, completing the flight at Kansas City.

The plane in which Captain Roke

will make his flight will be furnished by the American Eagle Aircraft Corporation of Kansas City.

Campbell Speaks At Lions' Meeting

Members Of Club Hear Of Undertaking Business; Other Features

Wyatt R. Campbell, local undertaker and member of the New Castle Lions club, told of the inside workings of the undertaking business at the regular weekly meeting of that organization today.

Mr. Campbell's address was both interesting and enlightening. He compared modern methods of interment with that of the olden days and spoke generally as to the development of the undertaking business to its present stage.

Preceding Mr. Campbell's talk reports on various club activities were given. Announcement was made that on the evening of April 18 the New Castle club will go to Farrell for the charter night program of the new Lions club which Chairman Robert Taylor and his club extension committee has organized. Lion Earl Book, blind work committee, also spoke as did Lion Hughes Barlett in behalf of the coming entertainment which the club intends to present.

Lion Speer Marousis provided a vaudeville act as entertainment for today's meeting. Music rendered by the quartet appearing this week at the Capitol theatre was immensely enjoyed.

Segrave Is Challenged By Rocket Car Maker

(International News Service)
LONDON, April 9.—A challenge to race Major Segrave, Britain's speed king, for the motor car speed championship of the world has been issued through a London Journal by Herr Max Valier, the famous Austrian designer of the "rocket" aeroplane and car.

Writing in the London Referee, Herr Valier expresses complete confidence in his rocket apparatus as the future record breaker of land and air speeds.

Mrs. Alice Jackson, of Round St., is reported as being seriously ill.

Money Rates Up Stocks Go Down

By W. S. COUSINS.
International News Service Financial Editor

NEW YORK, April 9.—Money rates went up and stock prices went down today as the bears in the stock market pounced on the market and sold stocks "all over the board." In their effort to force lower values the bears had the advantage of yesterday's upset in the traction stocks; the tightening up of the money market, with banks calling loans and the rate moving up to 8 per cent, the destruction of the current market level by thousands of small traders and the declining income return on industrial stocks which has been more and more unsatisfactory to margin traders generally.

The break in the New York City traction stocks crippled a good many of the small and large investors who had confidently predicted a favorable decision on the "new case" and who had therefore "loaded up." Third Avenue lost an additional 6 points at 20 but losses in other traction shares did not exceed 3 points.

A "thin market" prevailed for many of the industrial and specialties which have been writing their names on the speculative records in the last few months.

HEALTH'S FINE GLAD SHE TRIED NEW MEDICINE

Claims Famous Ten Herbs Made A Great Change; Stomach Trouble-Ended.

Ten Herbs, the famous new natural medicine, has helped many persons of this section back to better health, according to the reports reaching the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington

MISS BERTHA GORMLEY

Street, New Castle, where he is daily demonstrating this popular herbal compound to crowds of men and women.

Ten Herbs is different from other medicines. It is compounded on the theory that if a medicine thoroughly cleanses the entire system, and at the same time benefits and invigorates the stomach, liver, kidneys and bowels, the user soon will be feeling better in every way. That is the reason this popular liquid compound often relieves health troubles that have persisted for years, the sufferer having tried many other medicines in vain.

"I am glad that I tried Ten Herbs, for it was just what I needed," was the statement of Miss Bertha Gormley, 308 Kirkwood Street, Carnegie, Pa., (near Pittsburgh), to the Ten Herbs Man. "Some time ago I underwent a serious operation, and since then I had been in poor health. Miss Gormley continued, 'I had considerable trouble with my stomach. I was always in distress after eating. Often I became nauseated and would vomit after meals. I would fill with gas and sometimes I got very dizzy. Constipation bothered me all the time. Severe headaches came on me, and black spots were constantly floating before my eyes.'

"I heard about Ten Herbs, and decided to try a bottle. Your medicine helped me so much that I continued using it, until now I feel like my old self again. I am feeling fine, and my stomach is in such good condition that I can eat anything without having any distress afterwards. Ten Herbs has been such a great help to me that I gladly recommend it to anybody."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, New Castle, where he is daily meeting the public and explaining the merits of this medicine.

Vitamin Guessing Is Latest Sport

(International News Service)
BERKELEY, Cal., April 9.—Here's a game that is expected to rival in popularity ping-pong, tiddewinks, elbow-bending and other well-known table sports.

Vitamin-guessing is the latest wrinkle in indoor sports.

It was inaugurated here by the Peoples Assembly at the Western Women's club.

Dr. Agnes Fay Morgan of the University of California opened the dinner with a lecture on "Nutrition for Everyday Life," and a prize was awarded at the end of the dinner to the person guessing the vitamin content of the food served during the meal.

Prohibition Makes Jail Building Pay

(International News Service)
ST. LOUIS, April 9.—The Pauly Jail Building Company of St. Louis announces that since the 18th amendment has come into effect orders for jails have been coming in at a more rapid pace than ever before.

The local jail building company is probably the oldest and largest of its kind in the United States. It constructs jails with the latest devices and improvements designed to baffle the cleverest of criminals. The company has been in operation since 1856.

MOTORIST HITS MAN CROSSING STREET

Naomi Farrell of Bessemer, while driving the car of Gust Jacobson, north on North Jefferson street, at Grant street, noticed a man, who appeared to be staggering, crossing from the east side to the west side of North Jefferson street. His course was so irregular that she was unable to avoid hitting him. He was knocked to the ground and plucked up by a passerby. He insisted that he was uninjured and refused to go to a physician, or tell his name.

Return From Trip In Western States

Mr. and Mrs. C. A. Martin and Mrs. F. E. Poister Arrive At Home

ELLWOOD CITY, April 9.—After spending two months visiting and sight-seeing in California and Arizona, Mr. and Mrs. C. A. Martin and the latter's mother Mrs. F. E. Poister returned to their homes here Sunday.

They visited with Mrs. Poister's son Fred in Tucson, Arizona who has been there for several years on account of his health and report him well and gaining in weight. Leaving Arizona, they journeyed to San Diego, San Francisco and other cities of interest.

Enroute home they stopped in Memphis, Tennessee. They report a splendid trip throughout the entire journey.

Travelogue Feature Of Class Meeting

ELLWOOD CITY, April 9.—A travelogue given by C. H. Blank, who recently returned from a ten months western trip, was an interesting feature at the meeting of the Brotherhood Bible class held Monday evening in the Trinity Lutheran church, with 25 members in attendance.

Mr. Blank gave interesting descriptions of his trip through Utah, stopping to visit Salt Lake City, then to Crater Lake and National Park, from there to Oregon, where they visited with friends. Leaving Oregon the Blank family went to California and while in Los Angeles they drove 4000 miles sight seeing at Mexico, the Grand Canyon, Texas and Arkansas they spent several days visiting points of interest. They drove over 17,000 miles on the entire trip.

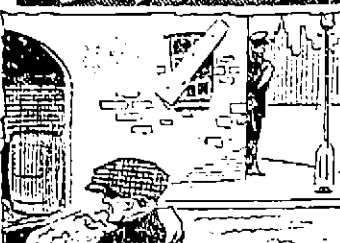

Following the travelogue by Mr. Blank the routine class business was transacted. They will meet again in one month.

Officers Elected By Girl Scout Council

ELLWOOD CITY, April 9.—At the regular monthly meeting of the local Girl Scout Council held Monday evening in H. R. Johnson's office, the officers for the ensuing year were selected. Mrs. John Hough, commissioner, Mrs. Emma DeBortoli, treasurer and Miss Carrie Hazen, secretary.

Interesting reports were given by Mrs. J. A. Pearson, chairman of the council awards committee and Mrs. J. Tomasson, chairman of the summer camp committee.

Cleaning Up Philly

Following grand jury exposure of bootleg and gangster conditions in Philadelphia, Director of Public Safety, Lemuel B. Schofield, above, has been "cleaning out" the police department, and Judge Edwin O. Lewis, below, under whom the grand jury made its probe, calls upon President Hoover to begin on the Quaker City in his proposed crime-prohibition investigation. Schofield has been at odds with the civil service commission, which thinks he dismisses policemen too freely.

More Rifle Honors

"Bulls-eye Jerry" Shelly of Kansas University has won practically every rifle competition in which she has entered. She has attained the high average of 96.9 in 24 matches with girl teams from all over the United States which is all the more remarkable when you consider that she fired from prone, sitting and kneeling positions, the last two usually reserved for men.

The evening was spent in games and dancing. Many useful and beautiful presents were received by the guests of honor.

The guest list included Ralph Searfoss, Edward Searfoss, Clyde Young, Harry St. John, Russel Myers, John Houk, Walter Sonntag, Edward Belts, Dale Natcher, Lester Cline, Jim Pauline, Leroy Hoover, Charles Young, Peachy Wanda Cyeon, Florence Hoover, Marian Hoover, Margaret Zozelle, Margaret Long, Dorothy Sonntag, Ruth Buchanan, Arctia Searfoss, Viola Schiedemantle, Marie Hogue, Alice Neal, Alice Locke, Edith Shaffer, Lola Shaffer, Goldie Young, Alma Natcher, Leah Natcher.

Lunch was served by Mrs. Natcher and her daughters and at a late hour the guests dispersed, wishing the honor guests many more happy birthdays.

MORAVIA STOP NOTES

At the Christian Alliance Tabernacle Rev. Keegan preached morning to a full house.

Mother's prayer service will be held Wednesday afternoon at the home of Mrs. Walter Smith of School Hill.

Mr. and Mrs. Fred Kaldy and Miss Matilda Kaldy visited friends in Pittsburgh and Rankin Sunday.

Loy Hogue and Mrs. William Vangeman were guests at the home of Harry White Sunday.

We are glad to report that Mrs. James Hogue is improving rapidly in the New Castle hospital.

Mrs. Cassie Morrow has been removed from the hospital to her home, it being thought best not to operate at present.

Mr. and Mrs. Henry Moyer spent Sunday with Mr. and Mrs. Elmer Moyer of the Ellwood-New Castle road.

Mrs. Steven Kaldy and Mrs. Fred Kaldy visited Mrs. Fred McQuiston of Mt. Hope recently.

Margaret Long attended a tea party given by Miss Cotton, coach of the Shenango Varsity club, as a courtesier to the girls' basketball team on Saturday afternoon at her apartment in New Castle.

Joseph Kaldy has concluded a visit with his parents, Mr. and Mrs. Steve Kaldy, and returned to his home in Detroit, leaving his little daughter Dorothy to spend the summer with her grandparents.

Young people's service will be held on Wednesday evening at the county home. The members of the other Young People's societies of the district will meet with them and special music will be rendered by each group.

Services were held Sunday in the Harmony Baptist church with Rev. Raymond Kaylor of Sharon in charge. In the morning Rev. Kaylor's subject was "What is Worship" and in the evening the topic was "A Biography of a Christian Life." The young people's meeting was led by Harold Currie. All services were well attended.

Announcements for next Sunday will be published later in the week.

Interesting Talk At Kiwanis Meeting

Lieutenant Governor Of Organization Is Guest At Ellwood Meeting

ELLWOOD CITY, April 9.—Charles Donnelly of Pittsburgh, Lieutenant governor of Kiwanis, gave an interesting address at the regular weekly meeting of the local Kiwanis club, held last evening in the Trinity Lutheran church.

Mr. Donnelly had for his subject "Kiwanis Education." He told what the other Kiwanis clubs were doing in the way of furnishing milk to the school children, holding violet rays clinics, helping with the boy scout work and various other things helpful in the community. He also held a questionnaire on Kiwanis.

This Bomb Was Meant to Kill Roosevelt

This picture shows the bomb that was intended to explode in the office of Governor Roosevelt, but which was made a dud by the prompt action of a post office porter who stamped out the fuse which he set off when he struck the infernal machine while cleaning up. The bomb was so constructed that an immediate explosion would have resulted when the lid of the tin candy box in which it was packed was opened. Coincident with this discovery, word came that the home of Mr. and Mrs. C. B. Dall at Tarrytown, had been destroyed by fire of incendiary origin. Mrs. C. D. Dall is the former Eleanor Roosevelt, daughter of the Governor.

Circulate False Reports About Operating Plan For Jameson Hospital

Attention of members of the board of directors of the new Jameson Memorial hospital has been called to pernicious propaganda which is being circulated about the city to the effect that the new hospital will not be a public institution and that the citizens of New Castle will not have anything to do with its control.

Further statements have come to the attention of the board that persons here are circulating word that local doctors will not be consulted on matters pertaining to the hospital and that there will be no staff at the institution other than private doctors employed by the hospital.

The board is at a loss to understand how such stories have come into being. The public has never been given the least indication that such was to be the case.

The Jameson Memorial hospital is the gift of the late David Jameson and Mrs. Jameson to the citizens of New Castle, for their use and for their control.

The board of directors of the hospital are all substantial citizens of the city, who will manage and control the institution. It will have a regular staff of physicians composed entirely of New Castle doctors, who will be consulted in all matters pertaining to it.

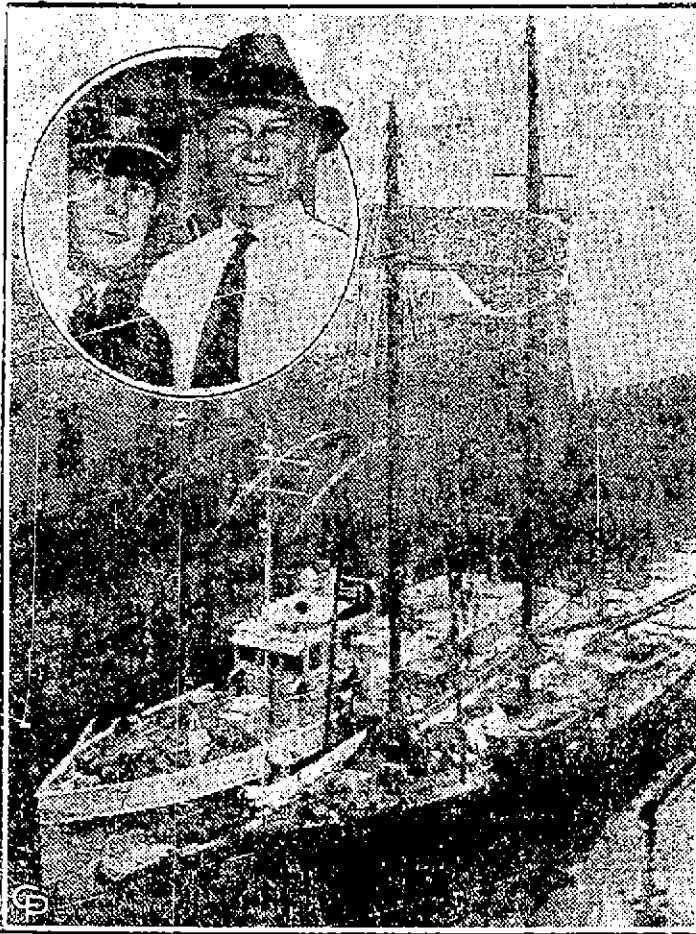

It will serve the citizens here as any other public hospital does in any city, and will supplant the Shenango Valley hospital as a New Castle institution.

No finer hospital will be found anywhere in the United States. There may be some which are larger, but every modern appliance that will be of benefit in treating medical and surgical cases is being provided by the donors.

Naturally, the citizens here will be asked to assist in maintaining it after it is completed and presented to the city, just as they have been asked to aid in keeping up the Shenango Valley hospital.

It will be an institution for the comfort and relief of the sick people of this community, will be controlled by New Castle people, and manned by New Castle people.

MYSTERY YACHT BROUGHT TO PORT

The schooner yacht Nomad, owned by Leland H. Ross, prominent New York yachtsman, snapped in Philadelphia harbor alongside the coast guard cutter which towed her into port when discovered helpless 18 miles off the New Jersey coast. The captain of the yacht was reported swept away by the sea during a storm and authorities have detained the owner and two members of the crew for questioning. Ross is shown, inset, with Warrant Officer McSally, of Cutter 107, which towed the Nomad to Philadelphia.

HIGH LIGHTS OF HISTORY

By J. Carroll Mansfield

America In The 20th Century
The Presidential Election Of 1904

IN THE PRESIDENTIAL CAMPAIGN OF 1904, PRESIDENT ROOSEVELT TOWERED ABOVE ALL HIS RIVALS FOR THE REPUBLICAN NOMINATION. SENATOR MARK TAFT, HIS NEAREST COMPETITOR, DIED IN FEBRUARY, AND WHEN THE REPUBLICAN NATIONAL CONVENTION MET, ROOSEVELT WAS NAMED THE PARTY'S CANDIDATE BY ACCLAMATION, WITHOUT A BALLOT BEING TAKEN. THE PLATFORM ENDORSED ROOSEVELT'S POLICIES AND THE GOLD STANDARD.

THE DEMOCRATS TRIED HARD TO FIND A STRONG CANDIDATE AND A POPULAR ISSUE FOR THEIR PLATFORM. THEY TURNED DOWN WILLIAM JENNINGS BRYAN, WHO HAD TWICE BEEN DEFEATED, AND CHOSE AS THEIR STANDARD BEARER JUDGE ALTON B. PARKER, OF NEW YORK.

THE REPUBLICANS PLUNGED INTO THE CAMPAIGN UNITED AND WITH GREAT ENTHUSIASM. THE TIRELESS ROOSEVELT WENT EVERYWHERE, MAKING SPEECHES AND WINNING SUPPORTERS. JUDGE PARKER MADE A STATEMENT THAT HE WAS IN FAVOR OF THE GOLD STANDARD, WHICH ANGERED MANY WESTERN DEMOCRATS WHO CLUNG TO "FREE SILVER," AND LOST HIM MANY VOTES.

THE OUTCOME OF THE CAMPAIGN WAS NEVER GREATLY IN DOUBT. ROOSEVELT WON A SWEEPING VICTORY AT THE POLLS ON ELECTION DAY, RECEIVING 343 ELECTORAL VOTES, WHILE PARKER GOT ONLY 133. THAT NIGHT ROOSEVELT MADE THE STATEMENT THAT NO PRESIDENT SHOULD SERVE MORE THAN TWO TERMS, AND THAT HE WOULD NOT SEEK RE-ELECTION FOR A THIRD. TOMORROW—BEGINNING OF ROOSEVELT'S SECOND TERM.

HAPPENINGS IN WORLD OF SPORT

Turbulent Spring Training Season Is About To End

Managers Have Hard Time With Rookies In Annual Spring Workouts

WHITE SOX CAPTAIN RECEIVES REPRIMAND

By DAVIS J. WALSH
Sports Editor International News Service
NEW YORK, April 9.—It is encouraging to note today that baseball seems to be itself again after some of its fearful athletes, determined to seek self-expression even if they had to climb four flights for it, were instrumental in making the 1929 training season the most turbulent in modern history. True, the boys were careful not to express themselves on their employer's time. They went in for it after business hours, too long after business hours, as a matter of fact.

In consequence, the managers of five ball clubs were constrained to make a number of over gestures before the desired effect was achieved and house detectives could be permitted to go home for the night. Judge Fuchs is said to have been one of those who had to speak firmly to the help on several occasions, although Mr. Fuchs is inclined to think that this must have been somewhat exaggerated. The Braves have nothing to celebrate about.

Shires Reprimanded
Neither have the Chicago White Sox, for that matter, yet Mr. Blackburn had to take his team captain, Mr. Shires, so severely to task that the latter had to leave town before he could get away from the harangue. The departure, of course, wasn't permanent, although Mr. Shires made it look that way. He even took his spats and cane with him. However, he's to be back at such time as the management sees fit to summon him for baseball is an institution that is determined to get along without eligible ball players only when they die.

Mr. Harris of Detroit also had to quell some of his communists with a stern hand. Later he declared that the incident had been magnified out of all reason, but that was after he and Mr. Heilmann decided to be very hard-headed and forgive each other. Previously Mr. Harris had announced that he was asking waivers on Mr. Heilmann, which in baseball is a most scurrilous procedure, but this must have been a lot of throat gargle, inasmuch as Mr. Heilmann again is adorning the regular line-up. As I say, baseball can become very irked at the good ones, but it never allows it to interfere with its sacred judgment. Mr. Heilmann still can hit that old potato and everything else being equal, Mr. Harris naturally would prefer to have Mr. Heilmann hit it in his behalf.

Fussell Fined
The same altruistic motives prompted Mr. Bush of Pittsburgh to fine Mr. Fussell, his pitcher, one hundred dollars and Mr. Mack of Philadelphia to issue only a scolding rebuke to his Mr. Orvill. They could have sent both of the derelicts on their way, if it wasn't for the realization that Mr. Fussell and Mr. Orvill can win almost no ball games for them if the young men were summering in Council Bluffs.

However, the great uprising of 1929 happily seems to be no more, leaving marked tranquility in its wake. Things, as a matter of fact, again are pretty much as they were, except that Mr. Shires is temporarily minus one job and Mr. Fussell is very permanently minus one hundred dollars.

One thing that is always easy to raise in a backyard garden is a perspiration.—The Louisville Times.

TRAINING CAMP 'BUNTS'

Baseball Teams In 'Big Show' Prepare For Season

(International News Service)
Clouting the ball hard in the late innings after the Athletics had piled up an 8 to 3 lead, the Phillies won the second game of the city series 11 to 8. The series stands one all and will be resumed today at Philadelphia. Quinn, Grove and Rommel were knocked for 16 safeties, while Collins, Sweetland, Bengie and McGraw held the A's to nine bingles.

A revised Pirate batting order will be tried against the Detroit Tigers at Shreveport, La., today according to Manager Donie Bush. The game yesterday was called off on account of rain.

The New York Giants are finding the going tough in exhibition contests with American League teams. The Washington Senators walloped them at Birmingham yesterday 8 to 3.

The New York Yankees became Arkansas travelers today, with four more overnight, train rides confronting them before New York is reached on Saturday. The Tulsa team gave them a rousing send-off from Oklahoma in the shape of a 12 to 9 beating yesterday. Eight home runs were made, but none by Babe Ruth.

The unlucky Brooklyn Dodgers were headed for Atlanta this morning with their morale slightly improved by a 4 to 0 victory over the Montgomery team yesterday. Moss and Richardson pitched for the Robins and each allowed only one hit.

Manager Roger Peckinpaugh, of the Cleveland Indians, announced today that Joe Shaute probably will start on the mound in the opening game against Detroit, at Cleveland, a week from today. John Miljus, formerly with the Pirates, will start the second game, according to indications, and Ken Holloway, acquired from the Tigers, the third.

The Cubs leave Houston tomorrow for Kansas City where they play three games with the Blues before embarking for home to open the pennant season. They defeated Houston's championship team again yesterday 10 to 1.

With Art Shires among those present, the White Sox were enroute to Memphis today. The Hose departed after yesterday's game in which they defeated Dallas 9 to 5.

The Cardinals will attempt to play the Evansville, Ind., team today if Juke Pluvius will permit. Yesterday's scheduled exhibition was washed out by rain.

That Dan Howley's pitchers are rounding into form has been proven the last two days, when Crowder held the Kansas City Blues to two hits, and yesterday Dickcuffman, young moundman held the Oklahoma City team to four hits and won 5 to 2.

All players are requested to be present at the practices. Those wishing tryouts are asked to attend these sessions.

Amateur Fighters At Boston Put Up Great Battles For "Simon Pure" Crowns

(International News Service)
BOSTON, April 9.—The great field of 115 "hopefuls" from all sections of the country in the National A. A. boxing championships, only 64 remained in the lists today for the quarter-final round tonight. The semi-finals and finals will be held tomorrow night.

There were 39 trial bouts last night and early today, with 32 more on the program for tonight. A number of fighters, some coming from afar, were forced to drop by the wayside because of illness, or because they failed to pass the medical examination.

The great battle was staged between John Toth of Pittsburgh and Anthony Stropes, of Philadelphia, in the 175-pound class trials with the latter winning by a knockout in the second round. It was a slam bang affair with Stropes first going down from a right to the head, but coming back a moment later to knock his man out cleanly.

The shortest "kayo" of the first night's fighting was scored by Harry Allen, of Brooklyn, New England, 175-pound champion, who floored Tim Douglas, of Mobile, Ala., with a hard right to the jaw in the opening round.

Although a number of so-called "favorites" were eliminated from the fray, many more remained. Among them: Larry Wagner of Philadelphia, one of the biggest upsets came when Louis Zell, of Philadelphia, in the 112 pound class, a newcomer in national competition, defeated Harry Apice, of Providence, R. I., in the first bout of the evening. Apice is New England champion in his division, and was expected to go further.

NEW YORK, April 9.—The Merchants' association of New York today announced it had completed a survey showing that 25,000,000 persons in the United States will live under daylight saving time this summer. While a few of the smaller cities have discarded the practice the survey shows the movement is growing.

A bill authorizing daylight-saving is now pending in California. Massachusetts has a state-wide daylight-saving law; the whole of Rhode Island will be on daylight-saving and virtually the entire state of New Jersey will observe the new time.

AT MOBILE, Ala.—Jack Britton, former welterweight champion, won decision over Grover Mallini, of Mobile (10).

AT ROCHESTER, N. Y.—Joey Manuel, of Rochester, outpointed Johnny Dundee, former featherweight champion (10).

AT PHILADELPHIA—Harold Mays, Bayonne, N. J., won decision over Con O'Kelly, Irish heavyweight (10).

Baby Joe Gans, Los Angeles, keyed Jackie Brady, of Syracuse, N. Y. (6).

Maurice Holtzer, French lightweight, outpointed Al Gordon, of Philadelphia (10).

AT NEW YORK—Lizy Grove, New York welterweight, won decision over Vic Dundee, of Baltimore (10).

Domitric Petrone, New York, won decision over Al Goldberg, also of New York (10).

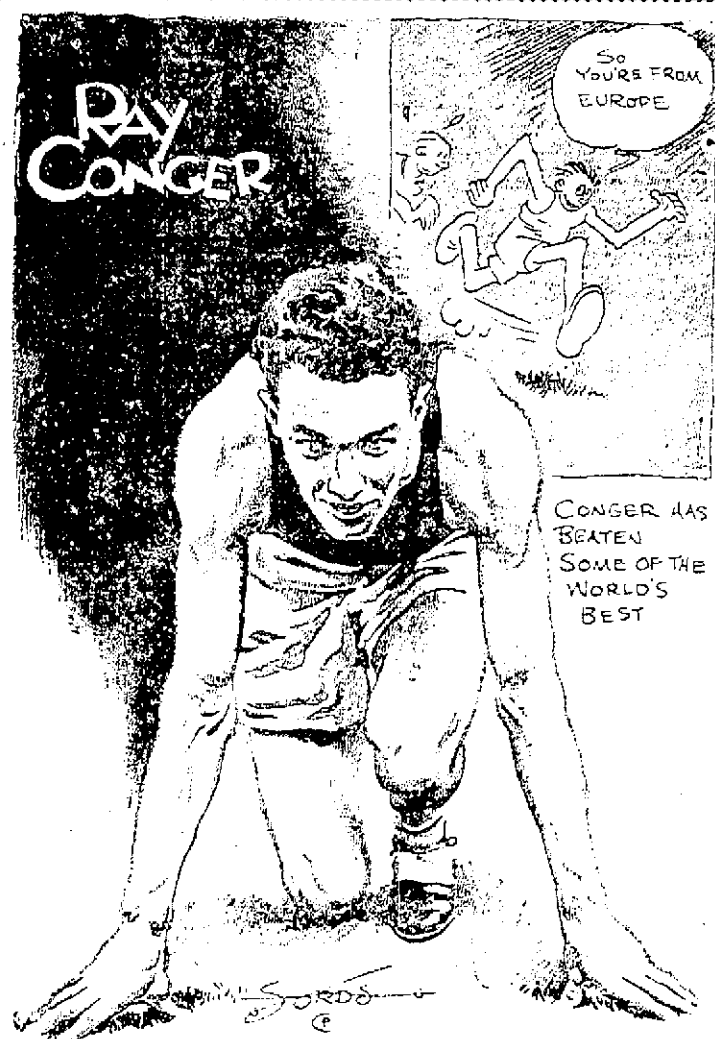

AT TORONTO—Black Bill, Cuban flyweight, outpointed Johnny McCoy, of Rochester, N. Y. (6).

Steve Rocco, of Toronto, won decision over Rautier Parra, Chilean lightweight (10).

It has not yet been determined where President Hoover's Law Enforcement Commission will begin its investigation. Why not start with a survey of the habits of the dry membership of the House of Representatives?—The Philadelphia Record.

SORDS POINTS

Conger, Conqueror Of Europe's Best Runners, After Records In Penn Relays

By JACK SORDS
Sports Cartoonist-Writer for Central Press and New Castle News.

Ray Conger, one of this country's foremost mile runners, who is taking a post graduate course at Iowa State, has the reputation of being an "in and out" on the track. He can be unbeatable one day only to lose to some mediocre runner on another. But Ray hopes to be at top form when he makes the mark in an effort to lower the mile record in the 35th annual University of Pennsylvania 6-day carnival on April 26 and 27.

N. S. Taber of Brown set the American outdoor record of 4 minutes 12 and 3-5 seconds in 1915, and Nurni ran to the world's record of 4 minutes 10 and 4-10 seconds in Sweden in 1923.

Last June, Conger won the 1,500-meter Olympic tryout at Boston, and in 1927 won the A. A. U. mile championship run. He has the unusual distinction of having defeated three European stars, Edson Wide, Faa-e Nurni and Dr. Otto Peltzer. In addition, he has defeated, during the past indoor season, Leo Lermond, former Boston college star, and Wide in a special mile run in 4 minutes 13 and 2-5 seconds.

has gone to show that Farr has improved considerably during the past season. A year ago no one would have taken a bet that Farr would win, but he certainly swarmed over Blittman at Youngstown.

A fighter who is going big guns in the East is Steve Smith of Bridgeport, who has boxed Benny Bass and all of the leading boys of the East. Bass ruined Blittman's star of ascendency when he stopped Harry at Philadelphia. Smith is tough, rugged, hits good and will fight Kid Chocolate at 125 in the near future.

First Baseman Shira of the White Sox is back with the team, repentant. He is physically fit and has signed to forfeit \$500 the next time he breaks any of the club's rules. Shira made the mistake that a lot of athletes make. He talked too much and was misquoted. A big mouth can make a lot of trouble in any business.

According to reports coming from Chancelor, Willie Davies is working like a Trojan and is confident of showing that he is the equal of Midget Wolgast, who certainly performed brilliantly here against Frisco Grande. The Midget and his party will arrive here a few days before the battle, which is surrounded with plenty of interest.

When Davies watched Wolgast in the ring here Davies went through his fighting gestures while seated in the sixth row. Every time that Midget shot a left for the face Willie either raised his arms or ducked his head to the side. He was a bundle of nervousness and many of the fans watched him as closely as they did Wolgast.

The battle between U. S. Carpenter and Young Kaiser should be replete with thrills. Carpenter has boxed here several times and has not backed away from anyone in his class. Kaiser showed himself to be as tough as hickory and upset the dope by taking the fans' decision from Romeo Pacelli, who felt a knockout on his chin a week later, when he boxed Alvie Miller.

Castle Bowling Alleys Now Open

Mayor Gillespie Bowls First Ball; Councilmen Attend Opening

Castle Bowling alleys last night were formally dedicated to the use of the bowling enthusiasts of this city when Mayor William Gillespie, one of the legion of enthusiasts, rolled the first ball. Other city officials were present when the place was auspiciously opened.

The Castle Bowling alleys, for men and women, is located on the second floor of the Brown & Hamilton building and is one of the best bowling alleys in western Pennsylvania and eastern Ohio. It has eight alleys and the lighting and decorative scheme are both unique and beautiful.

Manager Lou Gutman today stated that the alleys have been dedicated to the use of the public and that games can be bowled by men and women. He personally will direct the activities at the alleys. Courtesy and service will be the motto of the new recreation center, he stated.

Congregationalists To Practice Tonight

The Congregational church baseball team will stage a practice session tonight at 6:30 o'clock at the Clifton Flats field. The practice is an important one, and all players are asked to report promptly.

All players signed with the Congregationalists, and any others wishing to play with the team this year are asked to report tonight.

Bunien Derby Runners Start For Uniontown

Gardner Leads In Elapsed Time As Long Trek Of Day Starts

(International News Service)
CUMBERLAND, Md., April 8.—C. C. Pyle's blistered outmarchers showed off for one of their hardest day's runs this morning, a 52 mile stretch of mountainous roadway taking them out of Maryland and into Pennsylvania. Uniontown was their objective today.

Ed Gardner, big Seattle negro, was leading the pack in elapsed time when the hoof derby left Cumberland. The first 15 in elapsed time follows.

MEN WHO SMOKE AND GUARD THEIR HEALTH, SMOKE CIGARS

DOCTOR EMILE WINSTEL

Knight of the Legion of Honor and a Leading French Physician

ADVISES MEN WHO SMOKE TO SMOKE CIGARS

"Medical science has definitely proved that the more nearly one conforms to nature the better the general health."

"This principle holds true not only in the selection and preparation of foods, etc., but also in the use of tobacco. I would, therefore, advise those who smoke to use cigars, since they are made entirely of tobacco, a purely natural product in its natural state. No artificial substance is added, nor is any treatment applied that puts into cigar tobacco that which nature did not intend to be in it."

Dr. Winstel

Doctor Emile Winstel is one of the leading physicians of France, and an executive of the famous Association of Physicians of Lorraine. He served brilliantly in the French Army during the War and was decorated with the Cross of Knight of the Legion of Honor.

LA PALINA is America's Largest Selling High Grade Cigar (OVER A MILLION A DAY). Its outstanding popularity is the best proof of its unusual quality.

Tune in on the La Palina Radio Program

Europe To Dominate Sports

Carpentier, Firpo, Heeney And Schmeling Products In Fisticuffs

By DAVID J. WALSH
Sports Editor, New Castle News
NEW YORK, April 9.—The tide of empire can take its way Westward if it wants to but the tide of sport domination is in the Gulf Stream and flowing due East—to Europe. It seems to be only a question of time before the world's heavyweight championship, traditionally an American possession, must be taken over by a European.

This, it seems to me, presents the most fitting commentary of which the situation is capable. Ten years ago, foreign heavyweights were a ribald jest. They came over here and went out in a punch. Only a few years ago, Paul Sampson, a mixed ale fighter, went abroad in a stoke hole and, just to keep himself in funds, began fighting around Germany. He was a heavyweight champion of the country in a few weeks. Today, the heavyweight champion of Germany, the Herr Schmeling, is so good that they are talking him up as the next champion of the world. What is true of Germany holds good for foreign heavyweight fighting in general.

Major Contracts
Boxing, track and field, tennis and golf are perhaps the four major contracts of international sport. Of these, only golf now remains strictly an American prerogative. We win our own championships; we beat the British in theirs. Between the two, there isn't much in the way of golf honors left for the rest of the world. But in tennis, there is nothing for it but to put in a new needle, turn the record right over and play the other side. Helen Wills stands between us and tennis oblivion at this writing. She ran second while Lenglen was in the sequence but today she stands alone and unchallenged. Meanwhile, Tilden and our male stars have lost everything to the French—the Davis Cup, the national singles, Wimbledon, etc.—and it begins to look as though these will stay lost somewhat indefinitely and not a day sooner.

Olympic Victories
Everyone knows that since 1920, our Olympic teams have tried to win on man power alone. Individually, they have been mostly outclassed, but there is more than safety in numbers.

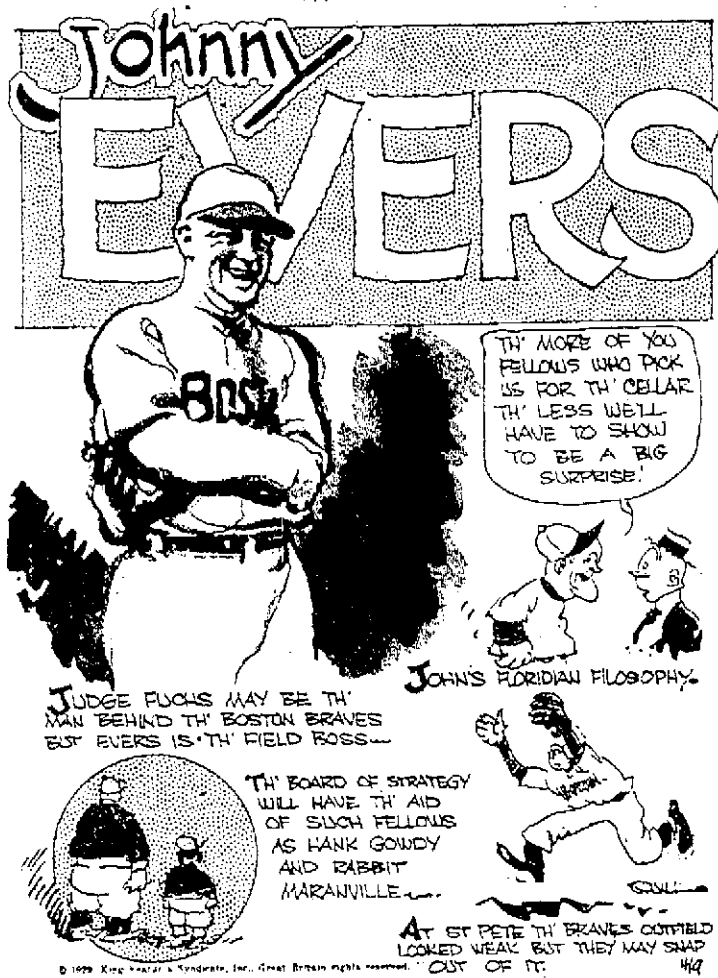

Sometimes, there is triumph. We have been run right off the track but we still dominate the field events and so, with the aid of what is picked up here and there by the runners, we continue to "out-point" the opposition. It was not so in the days of old. If we didn't run one-two-three nearly every time out during those golden days of effluence, we were upbraided most scandalously and there was talk of putting the control of the situation in hands that would see to it that accidents of this kind were not to be tolerated for a moment.

In much the same way did we hold a monopoly on boxing pre-eminence. Between the late nineties and a couple of years ago, few foreigners in any class came up to take serious issue on title matters. Today, many foreigners in nearly every class actually are threatening to take these titles away from us. One of these, Andre Routsis, already has the featherweight championship; another, Spider Pladner, is getting general recognition as the world's best flyweight; a third, Rene De Vos, is an active challenger for the middleweight title.

Foreign Competition
But it is the heavyweight championship, our particular plaything through the regimes of Sullivan, Corbett, Fitzsimmons, Jeffries, Johnson, Willard, Dempsey and Tunney, covering some forty years, that is taking the real rap from foreign competition nowadays. We got the war-torn winners, Carpentier, Firpo and Heeney, were products of boxing in other countries. We paid no great attention. Today, we must pay attention. The qualified candidates at this moment are Schmeling, a German; Paulino, a Spaniard; Von Porat, a Norwegian; and Jack Sharkey. It is possible, of course, that Jimmy Maloney may carry his return all the way back to where he was in early 1927 and that the Walker-Loughran winner may yet get up there.

These are mere possibilities. The others are definitely accepted as surviving candidates and, as such, are likely to decide the championship without looking elsewhere. Three foreigners and one American! No great nourishment in that ratio.

The Chief Executive

JUDGE FUCHS MAY BE THE MAN BEHIND THE BOSTON BRAVES BUT EVERS IS THE FIELD ROSS.

By QUIN HALL
All of this joking about Judge Fuchs and his Boston Braves is giving Johnny Evers a great break. The boys who did most of the experting, while the teams were doing their conditioning in Florida, seemed to agree generally that the eighth hole in the National League had already been reserved for the season by the Braves. That would, apparently, put Evers in the cellar from the start to the finish of the year's playing.

Evers' break is due to the fact that his club's future is being so generally conceded. All Johnny has to do now to surprise the fans is to shoot the tribe up the ladder into, say, fourth or fifth position and he will be referred to as a fox. Johnny is likely to do just that, as he has a pretty smart baseball head and, while he may be a trifle bulkier around the girth than when he quit playing second base, the fat hasn't yet got into his thick skin.

One day at St. Petersburg your correspondent beat the pavements from the Vinoy Hotel to the waterfront ball yard with Evers. It's quite a walk and we let Johnny do most of the talking. He is solidly on Judge Fuchs and would rather let important announcements come from that quarter. However, you can "read between the lines" and realize that Johnny has great hopes of doing things—surprising things—with the material he has to work with at Boston.

Evers still has that old fighting spirit and he is injecting it into his play. In this pepper-shaking, he has the help of fellows like Hank Gowdy and Rabbit Maranville and it isn't surprising to see both these fussy old-timers playing in a good many games this summer. Gowdy wasn't hired as a player, but he has a lot of color and plenty of ability left. He can do a great deal toward pepping up a team.

Evers intimated that he hoped to give the fans a live ball club even if he doesn't win a pennant. Johnny will tell you that the 1914 miracle team looked much worse in training than the club that was conditioned this spring at St. Pete. Johnny helped make that 1914 aggregation a world champion outfit and he still is smart.

Evers feels that his outfield is going to be his weak spot, but he's putting in a lot of hard work on the outer gardeners and they may wake up and come to the party. He seems fairly well satisfied with his infield. He likes the way Freddy Maguire covers the keystone corner and, while Joe Dugan hadn't been out in uniform when we talked with Evers, having the former Yank brilliant at third, and Sisler at first is going to be a steady influence for the whole infield. While the Tribe hasn't by any means the best pitching staff in the National League, Evers has some fellows who can work on the mound efficiently enough.

The old Trojan feels that a good combination at second and short has more to do with making a ball club stand up, look and be good than a pitcher. "A good combination around the keystone bag will make almost any pitcher look good," said he, "but even a classy twirler can't make a whole ball club look good when its keystone posts are weak."

With Maguire at second and either Farrell or Maranville at short, the Braves' keystone combination should be fairly dependable, and while the outfield may boot away a few games for the Tribe—they looked rather raw in some of those early Florida starts—it hardly seems fair to shove a guy's head under the faucet and say that it'll be kept there. It doesn't seem fair, at least, until after the season gets under way.

Drive this Car

PUT IT TO THESE ELEVEN TESTS

The only true test of performance is personal experience. Take a trial drive in an Oldsmobile and find out for yourself, not only what it does, but how it does it. Match it against other cars and make comparisons. Give it these eleven tests . . . or any others . . . and check results by any standard of performance you care to set.

reading . . . you will be astonished to find how fast you are traveling.

this Oldsmobile at its new lower price.

1. TEST EASE OF CONTROL

When you relax in the driver's seat, notice its comfort—the convenient arrangement of controls and dash instruments. Try the new Fisher adjustable front seat. Oldsmobile's adjustable steering wheel adds to your comfort. Step on the starter and note its prompt engagement. Test the easy action of the clutch—the silent, easily-meshed gear-shift.

2. TEST GETAWAY

Observe how easily and smoothly Oldsmobile gets away from the curb—how easy it is to steer. Pull up to a stoplight. Then flash ahead when the signal says "Go." Measure Oldsmobile's swift, scagless pick-up in all gears.

3. TEST HANDLING EASE

Drive through thickest traffic. Learn how Oldsmobile's instant response to accelerator, brakes, and steering wheel simplifies city driving. At any speed, in traffic or on the road, Oldsmobile is easy to handle and restful to drive.

4. TEST SMOOTHNESS

Drive Oldsmobile out on the open road. Cover the face of the speedometer with glove or handkerchief . . . take your accustomed touring pace . . . then note the speedometer

5. TEST RIDING COMFORT

Oldsmobile seats are wide and deep-cushioned. Interiors are roomy and restful. Four Lovejoy hydraulic shock absorbers function in harmony with Oldsmobile's special alloy-steel springs to smooth out all road irregularities. Drive this finer Oldsmobile over choppy pavements, over ruts and bumps. Whether you take them at high speeds or slow, you'll find that all roads ride comfortably in an Oldsmobile.

6. TEST ACCELERATION IN HIGH GEAR

When you pass other cars on the road, mark Oldsmobile's quick response to the throttle in all speed ranges—the smooth, effortless surge of power that enables you to sweep into the lead easily and surely.

7. TEST SPEED

Seek a straight, level stretch of highway and give Oldsmobile its head. You'll thrill to speeds far higher than the average motorist ever uses. Yet you'll feel secure, perfectly relaxed—for Oldsmobile speed is as restful as it is exhilarating.

8. TEST HILL-CLIMBING ABILITY

Send Oldsmobile up the longest, steepest hill you know. Start at the bottom at various speeds. You'll find the tremendous power reserve in Oldsmobile's big 62-horsepower engine gives it wonderful hill-climbing ability. If it's power you want, you can't match Spare Tire and Bumper Evers.

9. TEST ROADABILITY

One of the greatest joys in driving this finer Oldsmobile results from its splendid roadability. A low center of gravity, balanced weight, and four Lovejoy hydraulic shock absorbers all are contributing factors in Oldsmobile's ability to hug the road at any speed.

10. TEST THE BRAKES

Check Oldsmobile's braking system for ability. Oldsmobile's four-wheel safety brakes not only are exceptionally efficient, but are smooth, quiet, and easy to operate as well.

11. TEST PARKING EASE

Deliberately select a small space at the curb and park this Oldsmobile. Fingertip steering and a short turning radius make it easy to slip into small parking places. The easy clutch, brake, and gear-shift action allows you to take full advantage of every inch of space.

These eleven tests will give you a comprehensive idea of all phases of Oldsmobile performance. They also afford an excellent basis of comparison with other cars. Thousands of motorists who have given Oldsmobile these and other tests have made it the car of their choice. Come, drive this car and judge it, at its new lower price, by your own standards of performance and value.

Plane Contest Rules

(Continued From Yesterday.)

The age limits for the Bradford Model Airplane contest as sponsored by the county Boy Scouts.

Juniors—Those who have not yet attained the 16th birthday on September 30, 1929.

Seniors—Those who are past 16 and who have not yet attained the 21st birthday on September 30, 1929.

The events at the Bradford flying field will be the same as the events at the national miniature aircraft contest. There will be three indoor events and four outdoor contests.

In addition to these events the local meet will have a special exhibition and prizes for model planes which do not fly and awards will be made for originality of design, beauty in construction and skilled craftsmanship.

Outdoor Events.

The list of outdoor events in which each boy who hopes to win the free trip to the national contest must enter follow. Both Junior and Senior groups will have separate contests in each of the following events:

1—Hand launched planes; launches to be not over 6 feet above the ground.

2—Fuselage models, rising off ground.

3—Planes rising off water.

4—Any motive power plane other than rubber; type of launching to be optional; not to exceed 90 inches in length; each model in this event must be equipped with one or more propellers, wings and fuselage sticks and braces. Object, duration of time in the air.

Note: The same or different types

of planes may be used in different events.

All of the above events are for rubber powered planes, motive power carried in planes or tractor or pusher. All planes in event number 4 must be models with power other than rubber.

Events 1, 2 and 3 must have planes in which the distance from the inner face of the propeller to the opposite hook connection is not to be under or over 36 inches. Greatest overall dimension to be no greater than 48 inches.

Campbell Succeeds As Weather Prophet

Sun Surely Shines On Appomattox Day As He Predicted

Prothonotary Ralph Campbell is being congratulated today on his success as a weather prophet. Yesterday Ralph predicted that the sun would shine today. "It always does on 'Appomattox Day,'" said he. "I've watched it for years and it never misses. Old Sol never seems to get over feeling glad over the surrender of General Lee to General Grant."

HELEN WILLS TO MEET ROYALTY

Will Be Present In Buckingham Courts During Coming Month

LONDON, April 9.—Helen Wills, erstwhile "Little Miss Poker Face" and America's foremost woman tennis player, is to be presented at one of the royal courts of Buckingham Palace in May.

She is sailing for Europe the last of this month and probably will make her royal bow May 9.

According to present indications, Helen will be presented to Queen Mary and the Prince of Wales, who is to act in his father's place this year. Helen has been presented to the queen many times at Wimbledon, but this will be her first formal court presentation.

Shortly after the court America's famous tennis star will appear at the international matches on the lawns of the All-England Club.

Leviathan Goes To New Owners

NEW YORK, April 9.—The gigantic Leviathan—exceeded by no ship in the world in the matter of tonnage—is no longer owned by the American nation.

On Monday at ceremonies held aboard the mammoth liner, the Leviathan was formally turned over by T. V. O'Connor, chairman of the shipping board, to Paul W. Chapman, president of the United States Lines, Inc., purchasers of the Leviathan and 10 other passenger liners of the old United States Lines and the American Merchant Lines.

A check for \$4,000,000 was given to O'Connor by Chapman as part payment of the purchase price of \$18,300,000. O'Connor then turned over the bill of sale of the 11 ships to Chapman.

Her daddy the owner of the most famous ship in the world, 15-year-old Joanna Chapman took a sailor's grip on a halcyon and up to the masthead went the house flag of the new owner.

The Leviathan is the first of the 11 ships to pass into the Chapman control. At intervals up until June the other ships will be transferred from the government to the new company.

Youth Shoots His Brother To Death, Held Accidental

Brothers Playing With Gun In Kitchen Of Home Stage Fatal Shooting Scene

(International News Service)
FREETOWN, Pa., April 9.—Another fatality was laid to the cause of wild west games in the death of eight-year-old Gale Brown here today. Gale was shot by his older brother, Kenneth, 13, while playing in their home last night, according to police.

Coroner D. A. Dorsch of Kittanning was to investigate the shooting today. The police report states that Kenneth was playing with a .22 caliber rifle in the kitchen of the home. One bullet was known to be stuck in the magazine, it was said, and in trying to remove it the cartridge accidentally exploded. The bullet pierced Gale's chest and emerged from his back.

Earl Brown, the father, reported to police that when he returned home he found Kenneth sobbing beside his dying brother. Death came from internal bleeding, it was unofficially said.

Butler Co. Township May Adopt Curfew

BUTLER, Pa., April 9.—The old quip "The curfew shall not ring tonight" will be paraphrased to "The curfew is certain to blow tonight" with the early inauguration in Butler township of a curfew ordinance the draft of which is soon to be prepared by Attorney Thomas W. Watson.

Commissioners decided in favor of the curfew in an effort to curb the promiscuous running at large of their younger population after the proverbial shades of night have fallen.

It is proposed to have a siren for a curfew mounted in the fire station, but whether such a piece of apparatus can be procured capable of making itself heard throughout the township remains to be seen. However, as the restriction is aimed more especially for the boys and girls in Lyndora the commissioners probably will not be greatly disappointed if every resident of the township does not hear the nightly tooting of the big whistle.

That George Jean Nathan, the dramatic reviewer, never sold scotch cards near the Phillips' ball park to make school expenses.

That Peggy Fears, the former Ziegfeld girl, got a quarter of a million dollars from her husband, who got three million for arranging a recent movie merger.

That most New York dramatic critics get more money than movie and stage stars, and they get it every week. Yet the newspaper profession is supposed to be the most underpaid in the world.

That a New York undertaker who ran up a \$200 bill at Texas Guinan's and couldn't pay it left his false teeth as security.

New Pilot For Kegarise Field

Will Arrive During Present Week To Take Charge Of Field Activities

Activities at Jackson Field, airport or Kegarise Air Transport, Inc., will be on a decided increase beginning the last of this week. It was announced today by R. R. Kegarise, president and general manager of the concern.

At that time Robert Fox of Pittsburgh, known as the present youngest transport pilot in the country, who has been engaged as pilot for the local concern, arriving here with a new Eagle Rock plane of the very latest type, which will be used as a demonstrator.

Pilot Fox is married, but this does not interfere in any way with him keeping to the air on every possible occasion. He has been with the Morris Flying Service of Pittsburgh for three and one-half years, being an instructor part of the time.

Kegarise Air Transport Inc. has 21 student flyers at the present time and Pilot Fox will take charge of them as soon as he arrives, and it is anticipated that he will graduate quite a number of finished pilots within a short time.

Why Doctor Reynolds

Insists on Milk of Magnesia in Tablet Form

The Doctor's Verdict.

"Yes, Lac-Ma Wafers. I always insist on my patients using Lac-Ma when the need of a Milk of Magnesia is indicated. Liquid magnesia precipitates while Lac-Ma gives assurance of accurate dosages and are pleasant and easy to take."

Again science has triumphed and today the medical and dental professions are prescribing Lac-Ma Wafers.

Children Love Lacma.

Children who fight against unpalatable liquid magnesia actually crave Lacma Wafers, because they taste like candy.

Lacma Wafers Economical.

Lacma Wafers keep perfectly under all conditions. You get more for your money as there are 100 teaspoonful in each package. No danger of freezing or precipitating.

Lacma Wafers Convenient.

Lacma comes in an attractive package which, due to Lacma being concentrated, can be carried in your vest pocket. Remember it is not necessary to add water to Lacma—of course you can if you wish—but Lacma will dissolve quickly if just placed upon the tongue.

Use Lacma Regularly.

All admit that milk of magnesia should be used for various uses—correct acidity for bad bowels, a gently laxative, cleaning the teeth—and all the various uses for which milk of magnesia has been found so desirable.

Go to your druggist today and ask for a package of Lacma Wafers. They cost but a few cents. Start using Lacma Wafers and you will never go back to the old methods.

Fisher Urges Observance Of Child Health Day

(International News Service) HARRISBURG, April 9.—Governor John S. Fisher today issued a statement asking proper consideration of the growing importance of May 1, now designated throughout the United States as Child Health Day.

The Governor pointed out that each succeeding year the scientific progress in physical betterment of the people of Pennsylvania, but asserted that we still know far better than we do regarding the importance of efforts to establish good health records.

The Governor's statement in full was as follows:

The approach of the Sixth Annual Celebration of May Day-Child Health Day is a signal for again calling the attention of citizens of our Commonwealth to the growing importance of this yearly reawakening of interest in, and practical work for, health, especially of young children.

The states of this nation are now united in following the lead of the Congress and of President Hoover, for both have let it be known that all agencies and organizations may fittingly join in arousing all the people to more and more effort for the protection and development of the well-being of the nation's children.

Each year now witnesses definite progress in health matters in this Commonwealth. 1928 saw a still further reduction in deaths from typhoid fever, tuberculosis, respiratory diseases, enteric affection, and acute contagion and notably among the latter diseases, diphtheria and scarlet fever. Especially should attention be called to a distinct drop in the maternal death rate.

There were also, in the past year, many more defect corrections in school children than in any previous year. More school nurses are at work giving their invaluable help. Many more of the little army of a million and a half pre-school children were started on the path to better physical condition for entering school.

There is nothing to be more highly prized than healthy children, and the need for better understanding of their care and protection must be more fully realized. At every danger point the hazards of life must be cut down. Our goal is still far off. Not

WONDROUS WORKS OF NEW KONJOLA AMAZE THOUSANDS

Happy Lady Tells Of Splendid Results From Very First Bottle Of Modern Medicine.

"I told treatment after treatment and medicine after medicine, and I did not get even temporary relief," said Mrs. E. Ladner, 555 West Street, Pittsboro.

"I was about ready to resign myself to a life of illness and pain, and then I heard about Konjola. I was impressed by the endorsements, and a friend recommended it to me. I started the treatment. It seems like a fairy tale, but the first few doses convinced me that I had at last found the medicine I had so long needed. The medicine I should have had in the first place. I had been told that Konjola was the best in the world could induce me to stop the treatment. I could not resist the temptation to tell what this first week's treatment has meant to me. Such a wonderful
